

CalHEERS 24-Month Roadmap
2020 Initiatives (AB 1296) with Stakeholder Feedback – Final
By Suggested Release
(as of 4/26/2019)

Line #	Initiative Names and Brief Description	Suggested Target Release Timeline	Category
1	<p>CalACES/CalSAWS Migration Testing Support – <i>The objective of this initiative is to facilitate the testing needs as C-IV and LRS migrates to CalACES and eventually the migration to CalSAWS.</i></p>	2019	Partner Interface Updates
2	<p>Enhance Medi-Cal Deemed Infant and Medi-Cal Access Infant Program Functionality - <i>The objective of this initiative is to enhance functionality for Eligibility of Medi-Cal Deemed Infants, provide ability to register Medi-Cal Access Program infants in CalHEERS, and add MCAIP E6/E7 infant’s eligibility and renewal functionality to CalHEERS. This initiative will consider necessary modifications to eHIT to facilitate the transition of Medi-Cal deemed infants and MCAIP infants between IAPs.</i></p>	2019 Q3 (Moved to 2020)	Program Updates
3	<p>Renewals 2020 - <i>The objective of this initiative is to enhance the Renewals/Open Enrollment process for 2020.</i></p>	2019 Q3	Annual Renewals
4	<p>Override eligibility determination functionality (BREfS - Phase C Part 2) – <i>The objective of this initiative is to enable CEWs to manually override CalHEERS eligibility determinations, which will be subject to existing county case management processes for effectuating correct MAGI Medi-Cal eligibility. This initiative would also provide the override capability via the CalHEERS portal for use by Covered CA SCRs and designated state staff for state managed programs in CalHEERS, such as MCIEP.</i></p>	2019 Q3 (Moved to 2020)	Business Rule Exposure for SAWS (BREfS)
5	<p>Streamline the Covered CA Annual Renewal Notice (NOD12) – <i>The objective of this initiative is to update the notice language and enhance the process to reduce the number of variations of NOD12s.</i></p>	2019 Q3 (Moved to 2020)	CalHEERS - Efficiency Improvements

By Suggested Release
(as of 4/26/2019)

Line #	Initiative Names and Brief Description	Suggested Target Release Timeline	Category
6	Eligibility Notice (NOD01) Enhancements – <i>The objective of this initiative is to improve the eligibility notice language, structure, and generation. This initiative will be implemented on a continuous basis through the release-based change requests.</i>	2019 Q3 (Moved to 2020)	Notice Updates
7	Implementation of Code of Federal Regulations (CFR) 435.603(i) in CalHEERS – <i>The objective of this initiative is to modify the current Bounce Back Rule functionality. This modification will ensure consumers meet the qualifications for Advanced Premium Tax Credits before granting eligibility based on the bounce back rule as defined in 42 CFR 435.603(l).</i>	2019 Q3	Program Updates
8	Federal Tax Changes – <i>The objective of this initiative is to add the court order date for alimony to align CalHEERS with the Tax Cuts and Jobs Act, which no longer allows alimony as an income type or deduction if the order is made after 12/31/2018.</i>	2019 Q3	Program Updates
9	CalHEERS Webservice Update to Support IVR Flow for Multiple Enrollments – <i>Currently, the Covered California IVR system experiences an error when it attempts to authenticate a caller who has multiple enrollments in CalHEERS. This results in the consumer having to speak to an SCR to be authenticated. The intended outcome is for CalHEERS and the IVR to authenticate a caller who has multiple enrollments in CalHEERS.</i>	2019 Q3	User Experience Updates
10	IAP Transition Enhancements – <i>The objective of this initiative is to improve the transition process for consumers moving between Covered CA and Medi-Cal programs.</i>	2019 Q3 (Moved to 2020)	User Experience Updates

Line #	Initiative Names and Brief Description	Suggested Target Release Timeline	Category
23	SEP Dropdowns and Workflow – <i>The objective of this initiative is to update the SEP reasons in the online application and also update eHIT/SAWS accordingly.</i>	2020	Report a Change (RAC)/Special Enrollment Period (SEP)
24	Eligibility Preview/Standby (BREfS - Phase C Part 4) – <i>The objective of this initiative is to modify the eHIT architecture to add an Eligibility Preview and also provide the preview capability via the CalHEERS portal for use by Covered CA SCRs and designated state staff for state managed programs in CalHEERS, such as MCIEP.</i>	2020	Business Rule Exposure for SAWS (BREfS)
25	County Inmate Program – <i>The objective of this initiative is to allow CalHEERS to accept applications for the County Medi-Cal Inmate Program (MCIEP) from the SAWS access channel. County staff will be able to process eligibility for County Inmate Program and County Compassionate Release/Medical Probation Program.</i>	2020	New Programs
26	EDD Interface - Employer Address Information – <i>The objective of this initiative is to enhance the EDD interface to collect employer addresses. This will reduce the need for consumers to enter employer contact information. This will ensure CCA has accurate information to send the required employer notifications.</i>	2020	Partner Interface Updates
27	Implementation of GI PCP Selection Module and Provider Map – <i>The objective of this initiative is to add functionality to the existing Provider Directory for physicians designated as Primary Care Providers (PCPs). The new functionalities are part of the GI PCP Module: 1) PCP Assignment for QHP 2) Network Density Tools: This feature will allows</i>	2020	Partner Reconciliation Improvements
