<b>Section I: County Information</b>		
a. Type of Plan or Update	Plan	
b. Date current Plan/Update was approved	1/10/2017	
<b>Section II: Stakeholder Notification</b>		
<p>Stakeholders have been notified that the County is extending the effective time frame of its currently approved Plan or update to include FY 2020-21 as of: 3/12/2020</p>		
<b>Section III: Extension Justification</b>		
<p>Provide a brief summary describing how the COVID-19 Public Health Emergency inhibited the County's ability to complete and submit its Three-year Plan or annual update for FY 2020-21.</p> <p>Solano County had community program planning meetings scheduled to take place during March 2020, with the first planned meeting scheduled March 16, 2020. Due to the "stay at home order" issued that week by Governor Newsom, the county was not able to proceed with these meetings. Until recently, we did not have a virtual platform available that would be conducive to a community planning process. The County uses Microsoft Teams, which is very difficult for non-County participants to navigate and doesn't allow for the break-out groups necessary. We were approved to purchase Zoom and will use this to hold virtual meetings to develop a new Three-Year Plan and the FY20/21 Annual Update.</p>		
<b>Section IV: Certification</b>		
<p>The undersigned certifies that the information included in this form is complete and accurate to the best of their ability.</p>
