Category 1: ADMINISTRATION

A review of the County's Maintenance of Records, service providers, referrals, services, contracts, and general provisions was conducted to ensure compliance with applicable regulations and standards. The following deficiencies in regulations, standards or protocol requirements were identified:

COMPLIANCE DEFICIENCIES:

CD 1.2.1:

SABG Application, Enclosure 2, I, 1, A, 1, f-g

1. Performance under the terms of this Enclosure is subject to all applicable federal and state laws, regulations, and standards. In accepting DHCS drug and alcohol SABG allocation pursuant to HSC Sections 11814(a) and (b), County shall: (i) establish, and shall require its subcontractors to establish, written policies and procedures consistent with the control requirements set forth below; (ii) monitor for compliance with the written procedures; and (iii) be accountable for audit exceptions taken by DHCS against the County and its subcontractors for any failure to comply with these requirements:
 - f. Code of Federal Regulations (CFR), Title 45, Part 75, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards.
 - g. CFR, Title 45, Part 96, Block Grants.

45 CFR 75.329(d)

(d) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
- 2) Proposals must be solicited from an adequate number of qualified sources;
- 3) The non-Federal entity must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
- 4) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
- 5) The non-Federal entity may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

Findings: The County did not provide evidence demonstrating a process for competitive procurement of SABG-funded prevention and treatment programs.

CD 1.2.3:

SABG Application, Enclosure 2, I, 1, A, 1, f-g

1. Performance under the terms of this Enclosure is subject to all applicable federal and state laws, regulations, and standards. In accepting DHCS drug and alcohol SABG allocation pursuant to HSC Sections 11814(a) and (b), County shall: (i) establish, and shall require its subcontractors to establish, written policies and procedures consistent with the control requirements set forth below; (ii) monitor for compliance with the written procedures; and (iii) be accountable for audit exceptions taken by DHCS against the County and its subcontractors for any failure to comply with these requirements:
 - f. Code of Federal Regulations (CFR), Title 45, Part 75, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards.
 - g. CFR, Title 45, Part 96, Block Grants.

45 CFR 75.329(f) (1-4)

(f) Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source;
- (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
- (3) The HHS awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or
- (4) After solicitation of a number of sources, competition is determined inadequate.

45 CFR 75.333(b)(1)

(b) The non-Federal entity must make available upon request, for the HHS awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:

- 1) The non-Federal entity's procurement procedures or operation fails to comply with the procurement standards in this part;

Findings: The County did not demonstrate the justification of procurement of SABG service providers with noncompetitive proposals included at least one or more of the following required elements:

- The service is available only from a single source;
- The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
- The HHS awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; and
- After solicitation of a number of sources, competition is determined inadequate.

CD 1.2.4:

SABG Application, Enclosure 2, I. 3, C

C. Sub-recipient Pre-Award Risk Assessment

County shall comply with the sub-recipient pre-award risk assessment requirements contained in 45 CFR 75.205 (HHS awarding agency review of risk posed by applicants). County shall review the merit and risk associated with all potential subcontractors annually prior to making an award.

County shall perform and document annual sub-recipient pre-award risk assessments for each subcontractor and retain documentation for audit purposes.

Findings: The County did not provide evidence of a process to complete sub-recipient pre-award risk assessments with all potential subcontractors annually prior to making an award.
