### COMPLIANCE DEFICIENCIES:

#### **CD 1.2.3:**

##### SABG Application, Enclosure 2, I, 1, A, 1, f-g

1. Performance under the terms of this Enclosure is subject to all applicable federal and state laws, regulations, and standards. In accepting DHCS drug and alcohol SABG allocation pursuant to HSC Sections 11814(a) and (b), County shall: (i) establish, and shall require its subcontractors to establish, written policies and procedures consistent with the control requirements set forth below; (ii) monitor for compliance with the written procedures; and (iii) be accountable for audit exceptions taken by DHCS against the County and its subcontractors for any failure to comply with these requirements:
  - f. Code of Federal Regulations (CFR), Title 45, Part 75, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards.
  - g. CFR, Title 45, Part 96, Block Grants.

##### 45 CFR 75.329(f) (1-4)

(f) Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source;
- (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
- (3) The HHS awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or
- (4) After solicitation of a number of sources, competition is determined inadequate.

##### 45 CFR 75.333(b)(1)

(b) The non-Federal entity must make available upon request, for the HHS awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:

- 1) The non-Federal entity's procurement procedures or operation fails to comply with the procurement standards in this part;

**Findings:** The County did not demonstrate the justification of procurement of SABG service providers with noncompetitive proposals included at least one or more of the following required elements:

- The service is available only from a single source;

6. Charitable Choice

County shall document the total number of referrals necessitated by religious objection to other alternative SUD providers. The County shall annually submit this information to DHCS by e-mail at [CharitableChoice@dhcs.ca.gov](mailto:CharitableChoice@dhcs.ca.gov) by October 1st. The annual submission shall contain all substantive information required by DHCS and be formatted in a manner prescribed by DHCS.

45 CFR § 87.3(j)

(j) If a beneficiary or prospective beneficiary of a social service program supported by the HHS awarding agency objects to the religious character of an organization that provides services in the United States under the program, that organization must promptly undertake reasonable efforts to identify and refer the beneficiary to an alternative provider to which the beneficiary has no objection. A referral may be made to another faith-based or religious organization, if the beneficiary has no objection to that provider. But if the beneficiary requests a secular provider, and a secular provider is available, then a referral must be made to that provider. Except for services provided by telephone, internet, or similar means, the referral must be to an alternative provider that is in reasonable geographic proximity to the organization making the referral and that offers services that are similar in substance and quality to those offered by the organization. The alternative provider also must have the capacity to accept additional beneficiaries.

**Findings:** The County's email submission to DHCS providing the total number of referrals necessitated by a beneficiary's religious objection for FY 2019-20 was made available during the review however; the email submission was not submitted within the timeliness requirements for Charitable Choice.

#### 10. CAPACITY MANAGEMENT

Capacity management systems track and manage the flow of clients with SUDs entering treatment. These systems

The States shall require such entities to use outreach models that are scientifically sound, or if no such models are available which are applicable to the local situation, to use an approach which reasonably can be expected to be an effective outreach method.
