

Katie A. Specialty Mental Health Services Report - 12 Month Rolling

Report run on 8/14/2015

Overview

The federal court's jurisdiction over the Katie A. lawsuit formally ended on December 1, 2014. The Katie A. v Bonta lawsuit Settlement Agreement outlined a series of actions that are intended to transform the way children and youth who are in foster care or who are at imminent risk of foster care placement receive access to mental health services consistent with a Core Practice Model (CPM) that creates a coherent and all-inclusive approach to service planning and delivery. The Settlement Agreement also specifies that children and youth who meet subclass criteria (as defined in the Settlement Agreement) are eligible to receive Intensive Care Coordination (ICC), Intensive Home Based Services (IHBS), and Therapeutic Foster Care (TFC) (once approved as a Medi-Cal service). County MHPs are required to provide ICC and IHBS services to subclass members. MHPs provide ICC and IHBS and claim federal reimbursement through the Short-Doyle/Medi-Cal (SDMC) claiming system.

The Department of Health Care Services' (DHCS) Mental Health Services Division (MHSD) Information Notice 13-11 instructed counties of the Short-Doyle/Medi-Cal (SDMC) system changes required to support the implementation of ICC and IHBS which included submitting claims with a Demonstration Project Identifier (DPI) of "KTA" and procedure codes (T1017, HK) for Intensive Care Coordination and (H2015, HK) for Intensive Home Based Services.

Purpose of Report

This report displays metrics associated with approved claims for services provided to the Katie A. subclass members. It will be updated monthly and posted during the third week of every month beginning in March 2014.

Some important objectives of the Katie A. Settlement Agreement are to collect existing data specific to the subclass in order to evaluate utilization and timely access to appropriate care and to post data that is useful to counties, stakeholders, and State departments in addressing the needs of subclass members. This report is one of many activities the State has undergone in order to achieve these objectives. Subject to some important limitations, this report provides information regarding the number of subclass members and their service utilization. It also includes service utilization by county and this assists in gauging counties' progress implementing ICC and IHBS.

While this report provides valuable information, it is important to note that there are factors, such as claim lag of up to 12 months, which must be considered. In addition, while this report provides information on a county by county basis, it does not provide information regarding the factors that lead to possible differences among counties in their implementation of ICC and IHBS and provision of other Specialty Mental Health Services (SMHS) to subclass members.

Notes Updated: August 18, 2014

- 1) Claims were being denied due to use of a secondary modifier with ICC and IHBS claims. These service modifiers indicated Telephone or Community. The claiming policy has been updated as follows: ICC and IHBS should be provided in the community and may be provided via telehealth and telephone in instances consistent with TCM and Mental Health Services. Activities unique to ICC and IHBS, such as the Children and Family Team, should be performed face to face as often as possible to address the needs of the child and achieve the level of intensity that these services require. A SDMC system change was implemented on 5/30/14 to correct this and Counties are in the process of submitting replacement claims.
- 2) There is typically claim lag between claim approval and the month of service, so the more recent month totals are typically less than older service month totals.
- 3) Not all counties have implemented the "KTA" claim indicator so their claims may be under reported for services other than ICC and IHBS.
- 4) County Table (pages 9 – 11) data elements have been suppressed or combined in county regions to protect client privacy. The OOC County Tables (formerly pages 12 – 14) have been removed to protect client privacy.

* Counties currently submitting claims with the 'KTA' Demonstration Project Identifier.

** Sierra - There is no data listed for Sierra County (Code 46) because Placer County (Code 31) acts as the MHP for both counties and submits service claims for Medi-Cal beneficiaries in both counties.

*** Sutter - There is no data listed for Sutter County (Code 51) because Sutter/Yuba is a combined MHP pursuant to the joint powers agreement between those two counties. All Medi-Cal specialty mental health services claims for Medi-Cal beneficiaries in both counties are submitted under Yuba County's code (Code 58).

Katie A. Services Report Technical Definitions

Query Data Used:

- **Data Source:** Data is pulled from the **SDMCP2_ODS** database, **Claim_DPI** & **mv_eob** tables.
- **Data Extracted:**
 1. **Service Month** = The first day of the month when the date of service start date occurred. For example - if the date of service start date was "9/21/13", this would be changed to "9/1/13". This is done to track the Month & Year as well as facilitate exporting data into Excel and converting to a "Sep 2013" Date format.
 2. **Submission Month** = The first day of the month when the claim was accepted into the SDMC system (**Date Created** field). This data follows the same Date format methodology used in item #1 above.
 3. **Submitting County Code** = The county of service that billed the claim.
 4. **County_Of_Responsibility** = The county that established Medi-Cal eligibility for the Katie A subclass member.
 5. **Client Index Number** = The beneficiary's Client Index Number billed on the claim.
 6. **Service ID** = The procedure code billed on the claim.
 7. **Procedure Modifier1** = The modifier used in conjunction with the procedure code billed on the claim.
 8. **SEL Quantity** = The number of units billed on the claim.
 9. **Service Line Count** = Number of unique services paid for in a warrant.
 10. **CWunits of Time** = The time frequency associated with the procedure & modifier billed (i.e. minutes, hours, days).
 11. **FFP Approved Amount** = The sum of the Claim FFP Approved Amounts in a warrant.
 12. **Demonstration Project Identifier** = The field that is used to flag the claim for services provided to Katie A subclass beneficiary ("KTA").

Query Methodology:

The SDMC II database is queried for service lines from approved claims that are claimed with the following Electronic Data Interchange Health Care Claim Transaction Set (837) data elements:

- A Demonstration Project Identifier (DPI) set to "KTA", or
- Healthcare Common Procedure Coding System (HCPCS) codes for Intensive Care Coordination (ICC) or Intensive Home Based Services (IHBS).

The query filters out voided, replaced, and denied claims. This data is then grouped and totaled by the Submission Month or Service Month for the bar graphs on the "Graphs" worksheet. It is also grouped by county and totaled year-to-date in the "County Table" worksheet.
