Payment 1: Gap-Filling Plan Measures
September 2021

Gap-Filling Plan and Narrative Measures for Payment 1

MCPs that operate in multiple counties will need to submit a separate Gap-Filling Plan for each county.

MCP Name	Anthem
MCP County	Inyo
Program Year (PY) / Calendar Year (CY)	Program Year 1 / Calendar Year 2022

Note: See Excel Document for Accompanying Needs Assessment Template for Payment 1

Priority Area	Percentage of Points Allocated to Each Priority Area	Points Needed to Earn Maximum Payment 1	MCP Discretionary Allocation of Remaining 300 points (MCP to enter point values in cells below)
1. Delivery System Infrastructure	Minimum 20%	200	85
2. ECM Provider Capacity Building	Minimum of 20%	200	145
3. Community Supports (ILOS) Provider Capacity Building and Community Supports (ILOS) Take-Up	Minimum of 30%	300	70
4. Quality	Optional measures with values allocated to either ECM or Community Supports (ILOS)	N/A To be allocated to ECM or Community Supports (ILOS) based on measure	N/A To be allocated to ECM or Community Supports (ILOS) based on measure
Total Points		700	300

MCP can earn up to 1000 points across the full set of measures, including those listed here and in the accompanying excel Needs Assessment file. If an MCP achieves only a subset of measures, it will earn a partial payment.

California Department of Health Care Services
Submission Template for CalAIM Incentive Payments Measures
Payment 1: Gap-Filling Plan Measures
September 2021

Option for MCP to request more than 300 points to be allocated at their discretion. Please describe (in the box below) the preferred allocation and reason if MCP is requesting allocation different from that above. 100 word limit

Anthem is not requesting more points to be allocated but is removing 50 points from Community Supports and reallocating to ECM and Delivery System Infrastructure. Not all Community Support points can be earned in their current measure because of the factors detailed in 1.3.5 question 1.

Anthem is requesting 25 points be reallocated to both ECM Provider Capacity Building and Delivery System Infrastructure. These categories are increasing by 25 points each to support increased allocation of funds for ECM provider network build and related IT enhancements.

California Department of Health Care Services
Submission Template for CaAIM Incentive Payments Measures
Payment 1: Gap-Filling Plan Measures
September 2021

DHCS initially set gap-filling targets in the Reporting Template of at least 20%, based on the Gap-Filling plan. If gaps are lower than 30%, MCPs are expected to identify an appropriate gap-filling target in their narrative entry to be approved by DHCS. In instances where MCPs do not have a gap for the measure, they may propose an alternative target for achievement. DHCS will review all MCP-proposed gap filling targets and adjust those as needed to meet program requirements.

Narrative Measures for Priority Area 1: Delivery System Infrastructure

Gap-Filling Plan

1.1.6 Measure Description

Mandatory
80 points

Submission of a narrative Gap-Filling plan describing how MCPs will identify underserved populations and the ECM providers they are assigned to, and enhance those ECM Providers' capabilities to:

- (1) Electronically exchange care plan information and clinical documents with other care team members.
- (2) Have access to certified EHR technology or a care management documentation system able to generate and manage a patient care plan.
- (3) Submit a claim or invoice to an MCP or have access to a system or service that can process and send a claim or invoice to an MCP with information necessary for the MCP to submit a compliant encounter to DHCS.

MCPs should also describe any plans to build physical plant (e.g., sobering centers) or other infrastructure to support the launch of ECM and Community Supports (ILOS).

Gap-Filling Plan narrative should include approaches for collaborating with entities, including but not limited to, county social services, county behavioral health, public healthcare systems, county/local public health jurisdictions, community based organizations (CBOs), correctional partners, housing continuum and others within the county to achieve the above activities, and should describe how health plans will leverage existing WPC infrastructure, including how they will track the ongoing viability of WPC infrastructure and improve data integration across behavioral health and physical health providers.

Narrative Measures for Priority Area 2: ECM Provider Capacity Building

Gap-Filling Plan

<i>Mandatory 70 points</i>	
<p>1.2.5 Measure Description</p> <p>Submission of a narrative Gap-Filling plan demonstrating:</p> <ol style="list-style-type: none"> (1) How the MCP will address identified gaps in ECM Provider capacity for Program Year 1 Populations of Focus. (2) Identified ECM workforce, training, TA needs in county, including specific cultural competency needs by county. (3) Plan for ECM Provider workforce recruiting and hiring of necessary staff to build capacity. (4) Approach for MCP to develop and administer an MCP training and TA program for ECM Providers. (5) Strategy to ensure ECM Providers are successfully engaging with hard to reach Populations of Focus, including homeless and justice involved populations, among others. (6) Approach to build, develop, or invest in the necessary behavioral health workforce to support the launch of ECM <p>Gap-Filling Plan narrative should include approach for collaborating with other entities, including but not limited to, county social services, county behavioral health, public healthcare systems, county/local public health jurisdictions, community based organizations (CBOs), correctional partners, housing continuum, Tribes and Tribal providers (except for Plans in Counties without recognized Tribes), ECM providers and others to achieve the above activities, improve outreach to and engagement with hard to reach individuals within each Populations of Focus and reduce underlying health disparities</p>	
MCP Submission	
<p>1. Describe approach to address identified gaps in ECM Provider capacity for Program Year 1 Populations of Focus and proposed targets,</p>	<p>Anthem has been working closely with our county partners, CBO's, and providers to identify and determine the need for ECM provider capacity through surveys and ongoing collaborative discussions. Based on the outcome of this process, we have added a team of CalAIM associates, whose primary functions are to engage new providers, encourage existing providers to expand their capacity and provide support through training and TA. Anthem will utilize the Capacity Building Incentive program to ensure necessary funding is in place to address gaps. Additionally, Anthem created a value-based payment program to incentivize providers to increase quality of ECM services.</p>

California Department of Health Care Services

Payment 1: Gap-Filling Plan Measures
September 2021

<p>of at least 20% improvement, to address gaps <i>100 word limit</i></p>	
<p>2. Identify ECM workforce, training, and TA needs in county, including specific cultural competency needs by county <i>100 word limit</i></p>	<p>ECM Provider workforce, training, and TA are identified needs in Inyo county. Additionally, due to the diverse nature of the expected ECM population, cultural competency training will be necessary, as well as the recruitment and retention of member facing staff with lived experience. 100% of Anthem Providers surveyed noted a standard process was in place to train client-facing staff on effective client engagement and/or motivational techniques. Anthem will utilize this infrastructure to support provider staff who need to build capacity in gap areas</p>
<p>3. Describe plan for ECM Provider workforce recruiting and hiring of necessary staff to build and increase capacity by at least 20% <i>100 word limit</i></p>	<p>Workforce retention, in addition to recruiting and hiring, is a key component to increasing capacity. Anthem is providing opportunities to obtain incentive funding for additional staff through an application process in early 2022. We will make available Person Centered Thinking training and provide access to our Provider training portal to support providers in increasing staff competency, which increases retention. Anthem’s team of CalAIM Associates provides clinical support and best practices to organizations, allowing providers to be better equipped to support their employees.</p> <p>Anthem will collaborate, where possible, with training entities and partners currently providing workforce recruitment services and California Health & Wellness.</p>
<p>4. Describe approach to develop and administer an MCP training and TA program for ECM Providers <i>100 word limit</i></p>	<p>Anthem is working to guide our providers through detailed readiness assessments, gap closures, and contracting processes. These efforts afford insight into each provider’s training and TA needs. We will continue to host virtual trainings for large groups on common learning needs, establish multi-provider learning collaboratives, and develop training for our learning platform. When possible, trainings will be held in collaboration with California Health & Wellness. Our dedicated CalAIM team will continue to provide both clinical and administrative assistance at the individual provider level, ensuring adequate support is given to each provider to achieve the best chance at success within the ECM program.</p>

Collaboration with Other MCPs

1.1.7 Delivery System Infrastructure Building Measure Description

*Mandatory
20 points*

Submission of a narrative describing how the MCP will collaborate with all MCPs in the county to enhance and develop needed ECM/ Community Supports (ILOS) infrastructure, including certified EHR technology, care management document systems, closed-loop referral, billing systems/services, and onboarding/enhancements to health information exchange capabilities and submission of documentation demonstrating good faith efforts to begin this collaboration in the form of letters with MCPs in county, emails demonstrating progress, meeting meetings, or other documentation. If only one MCP is operating in the county, the MCP must submit a narrative describing how they will leverage and expand existing WPC capacity and support ongoing ECM and Community Supports (ILOS) capacity building approaches

MCP Submission 100 word limit

Since 2021, Anthem has been heavily engaged with our county partners, providers, and CBOs to prepare for and support ECM and Community Supports implementation. We are currently working with California Health & Wellness, and community partners to determine an approach to ensure on-going engagement in 2022 and beyond. We will continually assess opportunities to enhance and develop needed ECM/CS infrastructure, including certified EHR technology, care management document systems, closed-loop referral, billing systems/services, and onboarding/enhancements to health information exchange capabilities. Please see attached documentation demonstrating these good faith efforts to collaborate.
