Payment 1: Gap-Filling Plan Measures
September 2021

Gap-Filling Plan and Narrative Measures for Payment 1

MCPs that operate in multiple counties will need to submit a separate Gap-Filling Plan for each county.

MCP Name	California Health & Wellness
MCP County	Imperial
Program Year (PY) / Calendar Year (CY)	Program Year 1 / Calendar Year 2022

Note: See Excel Document for Accompanying Needs Assessment Template for Payment 1

Priority Area	Percentage of Points Allocated to Each Priority Area	Points Needed to Earn Maximum Payment 1	MCP Discretionary Allocation of Remaining 300 points (MCP to enter point values in cells below)
1. Delivery System Infrastructure	Minimum 20%	200	100
2. ECM Provider Capacity Building	Minimum of 20%	200	100
3. Community Supports (ILOS) Provider Capacity Building and Community Supports (ILOS) Take-Up	Minimum of 30%	300	100
4. Quality	Optional measures with values allocated to either ECM or Community Supports (ILOS)	N/A To be allocated to ECM or Community Supports (ILOS) based on measure	N/A To be allocated to ECM or Community Supports (ILOS) based on measure
Total Points		700	300

MCP can earn up to 1000 points across the full set of measures, including those listed here and in the accompanying excel Needs Assessment file. If an MCP achieves only a subset of measures, it will earn a partial payment.

Submission Template for CalAIM Incentive Payments Measures
Payment 1: Gap-Filling Plan Measures
September 2021

Option for MCP to request more than 300 points to be allocated at their discretion. Please describe (in the box below) the preferred allocation and reason if MCP is requesting allocation different from that above. 100 word limit

1. We are requesting to reallocate 10 points from 1.3.4 to Priority Area 1.
2. We are committed to offering all CS by 1/1/2023. These points cannot be earned in 1.3.4 because we are taking a thoughtful approach to identifying and expanding community-based capacity in the county in a way that focuses on member access, experience, quality, and outcomes. Our response to 1.3.5 #2 emphasizes our commitment and approach to increasing the number and reach of CS offered in Imperial County.
3. Justification: Reallocating these points to Priority Area 1 enables us to make meaningful investments in delivery system infrastructure.

California Department of Health Care Services
Submission Template for CaAIM Incentive Payments Measures
Payment 1: Gap-Filling Plan Measures
September 2021

DHCS initially set gap-filling targets in the Reporting Template of at least 20%, based on the Gap-Filling plan. If gaps are lower than 30%, MCPs are expected to identify an appropriate gap-filling target in their narrative entry to be approved by DHCS. In instances where MCPs do not have a gap for the measure, they may propose an alternative target for achievement. DHCS will review all MCP-proposed gap filling targets and adjust those as needed to meet program requirements.

Narrative Measures for Priority Area 1: Delivery System Infrastructure

Gap-Filling Plan

1.1.6 Measure Description

Mandatory
80 points

Submission of a narrative Gap-Filling plan describing how MCPs will identify underserved populations and the ECM providers they are assigned to, and enhance those ECM Providers' capabilities to:

- (1) Electronically exchange care plan information and clinical documents with other care team members.
- (2) Have access to certified EHR technology or a care management documentation system able to generate and manage a patient care plan.
- (3) Submit a claim or invoice to an MCP or have access to a system or service that can process and send a claim or invoice to an MCP with information necessary for the MCP to submit a compliant encounter to DHCS.

MCPs should also describe any plans to build physical plant (e.g., sobering centers) or other infrastructure to support the launch of ECM and Community Supports (ILOS).

Gap-Filling Plan narrative should include approaches for collaborating with entities, including but not limited to, county social services, county behavioral health, public healthcare systems, county/local public health jurisdictions, community based organizations (CBOs), correctional partners, housing continuum and others within the county to achieve the above activities, and should describe how health plans will leverage existing WPC infrastructure, including how they will track the ongoing viability of WPC infrastructure and improve data integration across behavioral health and physical health providers.

MCP Submission	
<p>1. Describe approach to identify top 3-4 underserved populations in County and the ECM providers they are assigned to <i>100 word limit</i></p>	<p>CH&W will collaborate with County and Plan partners to identify the top underserved populations in Imperial County. To determine ECM provider assignment, we will: 1) include DHCS logic in Population Health Management stratification algorithms to identify potentially eligible populations; 2) obtain HHP data to maintain continuity of care through the initial transition; 3) solicit and integrate data from housing agencies and other County agencies to improve identification, targeting, and assignments over time; and 4) identify providers' expertise serving the needs of populations of focus to assign members appropriately.</p>
<p>2. Describe 3-4 concrete steps MCP will take to increase, by at least 20%, ECM Provider capabilities to electronically exchange care plan information and clinical documents with other care team members <i>100 word limit</i></p>	<p>CH&W understands providers have varying levels of capability and is exploring a multifaceted approach to meet providers where they are by: 1) increasing connectivity with HIEs and exploring whether HIEs may be able to support the ability to share care plans; 2) connecting with local Community Information Exchanges where they exist; 3) enhancing plan capabilities to allow care plan sharing through our care management and provider portal platforms; 4) facilitating data exchange for key care plan elements; and 5) engaging in county-wide collaborations to leverage county-wide and standardized solutions where possible, including joint trainings.</p>
<p>3. Describe 3-4 concrete steps the MCP will take to increase, by at least 20%, ECM Provider access to certified EHR technology or a care management documentation</p>	<p>CH&W surveyed our contracted ECM providers to determine their ability to access certified EHR technology or a care management documentation system able to generate and manage a patient care plan, including requesting feedback on limitations/barriers. CH&W will collaborate with Plan partners and the County to take the following steps to increase, by at least 20%, ECM provider capabilities in this area: 1) assess and share findings, 2) partner to identify solutions that can be adopted, 3) identify opportunities to support the adoption of technology through the IPP, and 4) develop joint training and provider engagement opportunities, where possible.</p>

Community Partners

1.2.6 Measure Description

Optional

Report on One Optional Measure in ECM Provider Capacity Building Priority Area to Earn 30 Points

Narrative summary that outlines landscape of Providers, faith-based groups, community-based organizations, and county behavioral health care providers and county behavioral health networks in the county and submission of a narrative plan to develop an MOU or other agreements with a subset of Providers, faith-based groups, county agencies and community-based organizations in the county to develop strategies for closing health disparities experienced by Populations of Focus, including agreement to meet at least quarterly to advance strategy.

MCP Submission

1. Describe the landscape in the county of: a. ECM b. Providers c. Faith-based groups d. Community-based organizations e. County behavioral health care	a) We are contracted with 5 ECM providers in Imperial County. We are working to understand the full availability of potential providers. b&c. Per findhelp.org, there are at least 189 potential CBOs, inclusive of faith-based groups, in Imperial County. We are continually building new relationships and strengthening existing relationships. d. Imperial County Department of BH directly operates over 25 programs/sites and contracts with over 25 community providers. Imperial County Department of BH currently works with 11 SUD providers and 16 Narcotic Treatment providers in the county. These numbers may not include other community clinics and private providers of BH services.

Tribal Engagement

1.2.7 Measure Description		<i>Mandatory 30 points</i>
Narrative summary that outlines landscape of Tribes, Tribal providers used by members in the county, and members in the county who use Tribal services, and submission of a narrative plan to develop an MOU to establish a strategic partnership with Tribes and Tribal providers in county to develop Provider capacity and provision of ECM services for members of Tribes		
MCP Submission		
1. Outline the landscape of Tribes, Tribal providers, and members in the county who use Tribal services and will need ECM supports <i>100 word limit</i>	Federally recognized Tribes in Imperial County include the Quechan Indian Tribe. (Source:NCIDC) Fort Yuma Health Center, Quechan Alcohol Center, Quechan Diabetes Project, and San Diego American Indian Health Center are Tribal providers serving Imperial members. We estimate there are no members in Imperial County who use Tribal services and may useECM.	
2. Outline a plan to establish a strategic partnership including any plans for formalization such as a MOU or other agreements <i>100 word limit</i>	CH&W strongly supports Tribes and Tribal providers across the state, including those identified above in Imperial County. In addition to pursuing contracts with Tribal providers in the county, we work with the entities that have expertise in serving Tribal nations, such as theCalifornia Rural Indian Health Board, California Consortium for Urban Indian Health, and Office of Tribal Health Affairs, to develop culturally responsive strategies. We are also partnering with our Plan partners to ensure a unified approach where possible, including partnering on joint educational webinars and ensuring these entities are included in regular stakeholder engagement meetings and activities.

Engagement for Key Population of Focus: Individuals Transitioning from Incarceration

1.2.10 Measure Description	
<i>Optional</i>	
<i>Report on One Optional Measure in ECM Provider Capacity Building Priority Area to Earn 30 Points</i>	
Submission of narrative plan describing how the managed care plan will improve outreach to and engagement with the following Population of Focus: "individuals transitioning from incarceration who have significant complex physical or behavioral health needs requiring immediate transition of services to the community," with a focus on Black/African American and other racial and ethnic groups who are disproportionately experiencing transitions from incarceration settings in the county.	
MCP Submission	
1. Identify and describe top 3 – 4 racial and ethnic groups that are incarcerated in the county <i>100 word limit</i>	According to the Vera Institute, the (1) White and (2) Native American populations are disproportionately incarcerated in Imperial County. In terms of raw numbers, the Latinx population comprises 78% of the total incarcerated population in Imperial County, followed by White (14%), Black/African American (3%), Native American (2%), and Asian American/Pacific Islander (1%). We have also requested additional data from our County partners. Source: https://trends.vera.org/state/CA , as of Q2 2018
2. Describe approach to improve outreach and engagement by at least 20% to Black/African	CH&W will improve outreach and engagement to populations disproportionately experiencing transitions from incarceration by leveraging our partnerships with ECM providers; County and CBO partners in Imperial County, including the Sheriff's Department; and leveraging data from correctional facilities to inform care planning.

September 2021

<p>January 2022 or July 2022 <i>100 word limit</i></p>	<p>need and refine network to meet that need; (3) making strategic investments to help providers update their CM, workflows, and data capabilities; and (4) soliciting and integrating community feedback into our programming.</p>
<p>3. Identify Community Supports (ILOS) Provider capacity and MCP oversight capability gaps and plan to address gap with a gap closure of 20% <i>100 word limit</i></p>	<p>CH&W has surveyed our Community Supports providers to understand capacity gaps. Results in Imperial County show capacity gaps and readiness concerns around low housing stock, volume uncertainty, and training. These findings will inform our IPP investment strategy to close identified gaps. CH&W has designed a robust oversight approach that includes both internal and external management such as consent, authorization, payment, and data sharing; program evaluation and reporting; and others. We will continually evaluate our oversight mechanisms to ensure they are adequate and appropriate as we further enhance our Community Supports network over time.</p>
<p>4. Identified Community Supports (ILOS) workforce, training, TA needs in region / county, including specific cultural competency needs by region/county, and a training gap closure of at least 20% <i>100 word limit</i></p>	<p>CH&W has surveyed Community Supports providers to identify workforce, training, and TA needs in the county. These results have enabled us to identify key workforce, training, and TA needs in Imperial County, including Managed Care 101, claims and referral processes, cultural competency and implicit bias, behavioral health, and service expectations. Leveraging a CalAIM Roundtable, we will review results with our plan, county, provider, and CBO partners to jointly identify and implement opportunities to address stated needs.</p>
<p>5. Plan to develop and administer a training and TA program for Community Supports (ILOS) Providers <i>100 word limit</i></p>	<p>Based on the needs identified above, CH&W has developed a robust training and TA program for our Community Supports providers. Our approach includes live and on-demand webinars on topics including authorizations, referrals, claims, eligibility, data sharing, member engagement, grievances and appeals, operations, and others. We will continue local level discussions with our Plan partner to identify opportunities to collaborate on training and TA needs to minimize burden on our providers, where possible. We will also leverage statewide and/or regional efforts to avoid duplication.</p>

California Department of Health Care Services

Tribal Engagement

1.3.6 Measure Description		<i>Mandatory 20 points</i>
Narrative summary that outlines landscape of Tribes, Tribal providers in the county, and members in the county who use Tribal services and submission of a narrative plan to develop an MOU to establish a strategic partnership with Tribes and Tribal providers in county to develop Provider capacity and provision of Community Supports (ILOS) services for members of Tribes		
MCP Submission		
<p>1. Outline the landscape of Tribes, Tribal providers, and members in the county who use Tribal services and you anticipate will use Community Supports (ILOS) <i>100 word limit</i></p>	<p>Federally recognized Tribes in Imperial County include the Quechan Indian Tribe. (Source: NCIDC)</p> <p>Fort Yuma Health Center, Quechan Alcohol Center, Quechan Diabetes Project, and San Diego American Indian Health Center are Tribal providers serving Imperial members.</p> <p>We estimate there are no members in Imperial County who use Tribal services and may use Community Supports.</p>	
<p>2. Outline a plan to establish a strategic partnership including any plans for formalization such as a MOU</p>	<p>CH&W strongly supports Tribes and Tribal providers across the state, including those identified above in Imperial County. In addition to pursuing contracts with Tribal providers in the county, we work with the entities that have expertise in serving Tribal nations, such as the California Rural Indian Health Board, California Consortium for Urban Indian Health, and Office of Tribal Health Affairs, to develop culturally responsive strategies. We are also partnering with our Plan partners to ensure a unified approach where possible, including partnering on joint educational webinars and ensuring these entities are included in regular stakeholder engagement meetings and activities.</p>

or other agreements <i>100 word limit</i>	
3. Describe plan to develop provider capacity and Community Supports (ILOS) services for members <i>100 word limit</i>	CH&W will engage with Tribal providers to address identified gaps in Community Supports provider capacity in Imperial County, which have been informed through our provider capacity survey and ongoing provider engagement. Through a CalAIM Roundtable, we will continue active local-level discussions to further develop Community Supports capacity for members accessing Tribal services. Strategies include continually evaluating network and contracting opportunities; collaborating to enhance workforce development/pipeline; providing technical assistance and training; and supporting providers in expanding their footprint.

Collaboration with Other MCPs

1.1.7 Delivery System Infrastructure Building Measure Description

*Mandatory
20 points*

Submission of a narrative describing how the MCP will collaborate with all MCPs in the county to enhance and develop needed ECM/ Community Supports (ILOS) infrastructure, including certified EHR technology, care management document systems, closed-loop referral, billing systems/services, and onboarding/enhancements to health information exchange capabilities and submission of documentation demonstrating good faith efforts to begin this collaboration in the form of letters with MCPs in county, emails demonstrating progress, meeting meetings, or other documentation. If only one MCP is operating in the county, the MCP must submit a narrative describing how they will leverage and expand existing WPC capacity and support ongoing ECM and Community Supports (ILOS) capacity building approaches

MCP Submission 100 word limit

Throughout 2021, CH&W has been heavily engaged with our Plan and County partners, providers, and CBOs to prepare for and support ECM and Community Supports implementation. We are in the process of engaging an external facilitator to formalize a local level CalAIM Roundtable in 2022 and beyond. We will continually assess opportunities to enhance and develop needed ECM/Community Supports infrastructure, including certified EHR technology, care management document systems, closed-loop referral, billing systems/services, and onboarding/enhancements to health information exchange capabilities. Please see attached documentation demonstrating examples of these good faith efforts to collaborate.

1.2.8 ECM Provider Capacity Building Measure Description	<i>Mandatory 10 points</i>
<p>Submission of a narrative describing how the MCP will collaborate with all MCPs in the county to support expansion of ECM Provider capacity, including leveraging and expanding existing WPC capacity and building/expanding ECM Provider networks and compliance and oversight capabilities. MCP should also submit documentation demonstrating good faith efforts to begin this collaboration in the form of letters with MCPs in county, emails demonstrating progress, meeting meetings, or other documentation. If only one MCP is operating in the county, the MCP must submit a narrative describing how they will leverage and expand existing WPC capacity and support ongoing ECM capacity building approaches</p>	
MCP Submission 100 word limit	
<p>CH&W and our Plan partner are jointly engaging an external facilitator to formalize a local level CalAIM Roundtable to support a successful and sustainable CalAIM implementation. We will work with our Plan partner through a CalAIM Roundtable to identify opportunities to expand ECM Provider capacity in Imperial County and support through the IPP. Capacity expansion activities to date have included joint discussions and presentations with the county, providers, and CBOs. Please see attached documentation demonstrating examples of these good faith efforts to collaborate</p>

1.3.7 Community Supports (ILOS) Provider Capacity Building and Community Supports (ILOS) Take-Up Measure Description

Mandatory
50 points

Submission of a narrative describing how the MCP will collaborate with all MCPs in the county to leverage and expand existing WPC capacity and support ongoing Community Supports (ILOS) capacity building approaches. MCP should also submit documentation demonstrating good faith efforts to begin this collaboration in the form of letters with MCPs in county, emails demonstrating progress, meeting meetings, or other documentation. If only one MCP is operating in the county, the MCP must submit a narrative describing how they will leverage and expand existing WPC capacity and support ongoing Community Supports (ILOS) capacity building approaches

MCP Submission *100 word limit*

CH&W will work with our Plan partner through a CaAIM Roundtable to identify opportunities to expand Community Supports Provider capacity in Imperial County. Capacity expansion activities to date have included joint discussions and presentations with the county, providers, and CBOs. Additional activities may include contracting with existing CS providers, establishing processes for data exchange and eligibility through transition; and notifications to partner entities, enrollees, and the public of the transition. Please see attached documentation demonstrating examples of good faith efforts to collaborate.
