PURPOSE

This bulletin informs counties of allocation revisions for Fiscal Year (FY) 1999-00. The statewide allocation summary and individual county allocation notices are included.

DISCUSSION

The revisions to the allocation are:

- \$149,000 allocated on a one-time only basis to the twenty counties participating in the Adolescent Treatment Program. The funds are allocated proportionately to the original FY 1999-00 allocation amount.
- \$23,098 of California Treatment Outcome Project funding is being reallocated. The funds are divided among San Benito County (\$2,500), Lassen County (\$7,500), and San Diego County (\$4,448). The remaining funds are for the University of California, Los Angeles Drug Abuse Research Center (\$8,650), to provide training to the participating counties and providers.
- Marin and Los Angeles counties have accessed the Contingency Reserve to meet the Drug Medi-Cal (DMC) need within each county. A DMC direct contract in Butte County has been adjusted to meet the DMC need.
- \$4,926 of Perinatal Set-Aside fund originally allocated to Alpine County was reallocated proportionately to all other participating counties on an on-going basis. This change was reflected in the Revised FY 1999-00 allocation, version 3.0.

Please note that since the Temporary Assistance to Needy Families Maintenance of Effort (TANF MOE) requirement is eliminated, the allocations for the Perinatal Expansion Program and TANF MOE have been combined under the Perinatal Expansion Program column.
