PURPOSE

The purpose of this bulletin is to disseminate the proposed Fiscal Year (FY) 2001-02 reimbursement rates for Drug Medi-Cal (DMC) services. These rates will be published in emergency regulations in Section 51516.1 of Title 22, California Code of Regulations and will replace those currently in Title 22. The rates will be effective July 1, 2001.

DISCUSSION

Effective July 1, 1997, changes to the Title 22 regulations were made to implement AB 2071 and establish new reimbursement rates for DMC services. Statutory authorities require the Department to update these rates every year for the period of July 1 to June 30. Exhibit 1 includes the proposed reimbursement rates for FY 2001-02, which reflect input from the DMC Work Group and the Department's analysis of costs and utilization of the various DMC services.

These rates will be published in emergency regulation in Section 51516.1 of Title 22, and will be effective for FY 2001-02. The proposed regulations must be reviewed and approved by the Department of Health Services (DHS), the Health and Human Services Agency, the Department of Finance, and the Office of Administrative Law prior to publication. After these emergency regulations are published, the public has a 45-day period to provide comments to DHS. Responses to the comments will be prepared and sent to those individuals or organizations that submit comments. Following another comment period, the regulations will be issued in their final form.
