DO NOT SIGN THIS FORM UNTIL YOU HAVE ALL THE INFORMATION YOU DESIRE CONCERNING ELECTROCONVULSIVE TREATMENT (ECT).

The nature and seriousness of my mental Condition, for which ECT is being recommended, is

RECOMMENDATION: I understand that ECT involves passage of an electrical stimulus across my brain for a few seconds, sufficient to induce a seizure. In my case the treatments will probably be given _____ times per week for _____ weeks, not to exceed a total of _____ treatments and not to exceed 30 days from the first treatment. Additional treatments cannot be given without my written consent.

Reasonable alternative treatments (such as psychotherapy and/or medication) have been considered and are not presently recommended by my doctor because

IMPROVEMENT: I understand that ECT may end or reduce depression, agitation and disturbing thoughts. In my case there may be permanent improvement, no improvement, or the improvement may last only a few months. Without this treatment my condition may improve, worsen or continue with little or no change.

SIDE EFFECTS AND RISKS: I understand there is a division of opinion as to the effectiveness of this treatment as well as uncertainty as to how this procedure works.

I also understand this treatment may have brief side effects: headaches, muscle soreness and confusion.

There may be some memory loss which could last less than an hour or there may be a permanent spotty memory loss. Memory loss and confusion may be lessened by the use of unilateral (one-sided) electrical brain stimulation rather than bilateral (two-sided) stimulation.

Anesthesia and muscle relaxants will be used during these treatments to prevent accidental injury. Oxygen will be administered to minimize the small risk of heart, lung, brain malfunction or death as a result of the anesthesia or treatment procedures.

My physician states I have the following medical condition(s) which increase the risk in my case, as follows:

I HAVE THE RIGHT TO ACCEPT OR REFUSE THIS TREATMENT. IF I CONSENT, I HAVE THE RIGHT TO REVOKE MY CONSENT FOR ANY REASON AT ANY TIME PRIOR TO OR BETWEEN TREATMENTS.
