

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

1915(i) HCBS State Plan Services
Administration and Operation

1. **Services.** (Specify the State's service title(s) for the HCBS defined under "Services" and listed in Attachment 4.19-B):

Habilitation- Community Living Arrangement Services; Habilitation- Day Services; Habilitation- Behavioral Intervention Services; Respite Care; Enhanced Habilitation- Supported Employment - Individual; Enhanced Habilitation- Prevocational Services; Homemaker Services; Home Health Aide Services; Community Based Adult Services; Personal Emergency Response Systems; Vehicle Modification and Adaptation; Speech, Hearing and Language Services; Dental Services; Optometric/Optician Services; Prescription Lenses and Frames; Psychology Services; Chore Services; Communication Aides; Environmental Accessibility Adaptations; Non-Medical Transportation; Nutritional Consultation; Skilled Nursing; Specialized Medical Equipment and Supplies; Transition/Set-Up Expenses; Community-Based Training Services; Financial Management Services; Family Support Services; Housing Access Services; Occupational Therapy; Physical Therapy; and Family/Consumer Training

2. **Concurrent Operation with Other Programs.** (Indicate whether this benefit will operate concurrently with another Medicaid authority):
Select one:

<input checked="" type="radio"/>	Not applicable
<input type="radio"/>	Applicable
Check the applicable authority or authorities:	
<input type="checkbox"/>	<p>Services furnished under the provisions of §1915(a)(1)(a) of the Act. The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of 1915(i) State plan HCBS. Participants may <i>voluntarily</i> elect to receive <i>waiver</i> and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the State Medicaid agency. <i>Specify:</i></p> <p>(a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1);</p> <p>(b) the geographic areas served by these plans;</p> <p>(c) the specific 1915(i) State plan HCBS furnished by these plans;</p> <p>(d) how payments are made to the health plans; and</p> <p>(e) whether the 1915(a) contract has been submitted or previously approved.</p>
<input type="checkbox"/>	<p>Waiver(s) authorized under §1915(b) of the Act.</p> <p><i>Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:</i></p>

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

Specify the §1915(b) authorities under which this program operates (check each that applies):			
<input type="checkbox"/>	§1915(b)(1) (mandated enrollment to managed care)	<input type="checkbox"/>	§1915(b)(3) (employ cost savings to furnish additional services)
<input type="checkbox"/>	§1915(b)(2) (central broker)	<input type="checkbox"/>	§1915(b)(4) (selective contracting/limit number of providers)
<input type="checkbox"/>	A program operated under §1932(a) of the Act. <i>Specify the nature of the State Plan benefit and indicate whether the State Plan Amendment has been submitted or previously approved:</i>		
<input type="checkbox"/>	A program authorized under §1115 of the Act. Specify the program:		

3. **State Medicaid Agency (SMA) Line of Authority for Operating the State plan HCBS Benefit.**
(Select one):

<input type="radio"/>	The State plan HCBS benefit is operated by the SMA. Specify the SMA division/unit that has line authority for the operation of the program (select one):	
<input type="radio"/>	The Medical Assistance Unit (name of unit):	
<input type="radio"/>	Another division/unit within the SMA that is separate from the Medical Assistance Unit	
	(name of division/unit) This includes administrations/divisions under the umbrella agency that have been identified as the Single State Medicaid Agency.	
<input checked="" type="radio"/>	The State plan HCBS benefit is operated by (name of agency)	
	The Department of Developmental Services (DDS)	
	a separate agency of the state that is not a division/unit of the Medicaid agency. In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the State plan HCBS benefit and issues policies, rules and regulations related to the State plan HCBS benefit. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this delegation of authority is available through the Medicaid agency to CMS upon request.	

4. **Distribution of State plan HCBS Operational and Administrative Functions.**

(By checking this box the state assures that): When the Medicaid agency does not directly conduct an administrative function, it supervises the performance of the function and establishes and/or approves

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. When a function is performed by an agency/entity other than the Medicaid agency, the agency/entity performing that function does not substitute its own judgment for that of the Medicaid agency with respect to the application of policies, rules and regulations. Furthermore, the Medicaid Agency assures that it maintains accountability for the performance of any operational, contractual, or local regional entities. In the following table, specify the entity or entities that have responsibility for conducting each of the operational and administrative functions listed (*check each that applies*):

(*Check all agencies and/or entities that perform each function*):

Function	Medicaid Agency	Other State Operating Agency	Contracted Entity	Local Non-State Entity
1 Individual State plan HCBS enrollment	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2 Eligibility evaluation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Effective Date: July 01, 2018

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

furnished. Under state law, regional centers are responsible for ensuring that providers meet these qualifications.

The OHCDS arrangements preserve participant free choice of qualified providers. Free choice of qualified providers is a hallmark of the California system. Recipients of 1915(i) services select their providers through the person centered planning process orchestrated by the regional centers, which culminates in the development of an individual program plan (signed by the beneficiary) delineating the services to be provided and the individual's choice of provider of such service(s). If an individual's choice of provider is not vendorized, they must go through the regional center vendorization process to ensure that they meet all necessary qualifications. The vendorization process is the process for identification, selection, and utilization of service providers based on the qualifications and other requirements necessary in order to provide services. The vendorization process allows regional centers to verify, prior to the provision of services to individuals, that a provider applicant meets all of the requirements and standards specified in regulations. If a provider meets the qualifications, the regional center must accept them as a vendored provider in the OHCDS.

1915(i) providers are not required to contract with an OHCDS in order to furnish services to participants. Although the open nature of the OHCDS means that virtually all providers will be part of the OHCDS, in the event a provider does not want to affiliate with the OHCDS and regional center, they may go directly to the Department of Health Care Services to execute a provider agreement. However, under state law, the process for qualifying a vendor to provide home-and-community based services to an individual with developmental disabilities is through the regional center.

The OHCDS arrangement provides for appropriate financial accountability safeguards. Qualified providers of 1915(i) SPA services submit claims to the regional center for services delivered to the beneficiary, pursuant to the individual program plan. The regional center reviews the claim (units of service, rate, etc), pays legitimate claims, and submits the claim of payment to DDS as the OHCDS. The OHCDS reimburses the regional center for the actual cost of the service, certifies the expenditures and submits a claim for the federal financial participation to the Department of Health Care Services. DDS does not "add on" to the actual costs of services incurred by and reimbursed to the regional centers.

The costs for administrative activities are not billed as part of the OHCDS payment and are claimed separately at the appropriate administrative rate.

4. **Conflict of Interest Standards.** The State assures the independence of persons performing evaluations, assessments, and plans of care. Written conflict of interest standards ensure, at a minimum, that persons performing these functions are not:
- related by blood or marriage to the individual, or any paid caregiver of the individual
 - financially responsible for the individual
 - empowered to make financial or health-related decisions on behalf of the individual
 - providers of State plan HCBS for the individual, or those who have interest in or are employed by a provider of State plan HCBS; except, at the option of the State, when providers are given responsibility to perform assessments and plans of care because such individuals are the only willing and qualified provider in a geographic area, and the State devises conflict of interest protections. *(If the State chooses this option, specify the conflict of interest protections the State will implement):*

N/A

5. **Fair Hearings and Appeals.** The State assures that individuals have opportunities for fair hearings and appeals in accordance with 42 CFR 431 Subpart E.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

6. **No FFP for Room and Board.** The State has methodology to prevent claims for Federal financial participation for room and board in HCBS state plan services.

Number Served

1. **Projected Number of Unduplicated Individuals To Be Served Annually.** *(Specify):*

Annual Period	From	To	Projected Number of Participants
Year 1	10/1/2016	9/30/2017	49,000
Year 2	10/1/2017	9/30/2018	50,000
Year 3	10/1/2018	9/30/2019	51,000
Year 4	10/1/2019	9/30/2020	52,000
Year 5	10/1/2020	9/30/2021	53,000

2. **Annual Reporting.** *(By checking this box the State agrees to):* annually report the actual number of unduplicated individuals served and the estimated number of individuals for the following year.

Financial Eligibility

1. **Income Limits.** The State assures that individuals receiving state plan HCBS are in an eligibility group covered under the State's Medicaid state plan, and who have income that does not exceed 150% of the Federal Poverty Level (FPL).
2. **Medically Needy.** *(Select one)*

<input type="radio"/>	The State does not provide HCBS state plan services to the medically needy.
<input checked="" type="radio"/>	The State provides HCBS state plan services to the medically needy <i>(select one):</i>
<input type="radio"/>	The State elects to waive the requirements at section 1902(a)(10)(C)(i)(III) of the Social Security Act relating to community income and resource rules for the medically needy.
<input checked="" type="radio"/>	The State does not elect to waive the requirements at section 1902(a)(10)(C)(i)(III).

Needs-Based Evaluation/Reevaluation

1. **Responsibility for Performing Evaluations / Reevaluations.** Independent evaluations/reevaluations to determine whether applicants are eligible for HCBS are performed *(select one):*

<input type="radio"/>	Directly by the Medicaid agency
-----------------------	---------------------------------

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

<input checked="" type="radio"/>	By Other (<i>specify</i>):
	Regional centers

2. **Qualifications of Individuals Performing Evaluation/Reevaluation.** There are qualifications (that are reasonably related to performing evaluations) for persons responsible for evaluation/reevaluation for eligibility. (*Specify qualifications*):

The minimum requirement for conducting evaluations/reevaluations is a degree in social sciences or a related field. Case management experience in the developmental disabilities field or a related field may be substituted for education on a year-for-year basis.

3. **Process for Performing Evaluation/Reevaluation.** Describe the process for evaluating whether individuals meet the needs-based State plan HCBS eligibility criteria and any instrument(s) used to make this determination. If the reevaluation process differs from the evaluation process, describe the differences:

The process for evaluating/reevaluating eligibility for State plan HCBS involves a review of current pertinent information in the individual's record, such as medical, social and psychological evaluations, the individual program plan, progress reports, case management notes and other assessment information. The review verifies the determination the individual meets the needs-based eligibility criteria including the existence of significant functional limitations in three or more areas of major life activity including; receptive/expressive language, learning, self-care, mobility, self-direction, capacity for independent living and economic self-sufficiency.

4. **Needs-based HCBS Eligibility Criteria.** Needs-based criteria are used to evaluate and reevaluate whether an individual is eligible for HCBS state plan services. The criteria take into account the individual's support needs and capabilities and may take into account the individual's ability to perform two or more ADLs, the need for assistance, and other risk factors: (*Specify the needs-based criteria*):

The individual has a need for assistance demonstrated by: A need for habilitation services, as defined in Section 1915(c)(5) of the Social Security Act (42 U.S.C. § 1396 et seq.), to teach or train in new skills that have not previously been acquired, such as skills enabling the individual to respond to life changes and environmental demands; and

- A likelihood of retaining new skills acquired through habilitation over time; and
- A condition which results in major impairment of cognitive and/or social functioning, representing sufficient impairment to require interdisciplinary planning and coordination of special or generic services to assist the individual in achieving maximum potential, that continues, or can be expected to continue, indefinitely; and
- The existence of significant functional limitations in at least three of the following areas of major life activity, as appropriate to the person's age:
 - Receptive and expressive language;
 - Learning;
 - Self-care;
 - Mobility;
 - Self-direction;

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

- Capacity for independent living.

Target Group(s). The State elects to target this 1915(i) State plan HCBS benefit to a specific population. With this election, the State will operate this program for a period of 5 years. At least 90 days prior to the end of this 5 year period, the State may request CMS renewal of this benefit for additional 5-year terms in accordance with 1915(i)(7)(C). (*Specify target group(s)*):

, In addition to the needs identified above, the individual must also have a diagnosis of a developmental disability, as defined in Section 4512 of the Welfare and Institutions Code and Title 17, California Code of Regulations, §54000 and §54001 as follows:

Welfare and Institutions Code 4512. As used in this division:

(a) *"Developmental disability" means a disability that originates before an individual attains age 18 years, continues, or can be expected to continue, indefinitely, and constitutes a substantial disability for that individual. As defined by the Director of Developmental Services, in consultation with the Superintendent of Public Instruction, this term shall include mental retardation, cerebral palsy, epilepsy, and autism. This term shall also include disabling conditions found to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, but shall not include other handicapping conditions that are solely physical in nature...*

(l) *"Substantial disability" means the existence of significant functional limitations in three or more of the following areas of major life activity, as determined by a regional center, and as appropriate to the age of the person:*

- (1) *Self-care.*
- (2) *Receptive and expressive language.*
- (3) *Learning.*
- (4) *Mobility.*
- (5) *Self-direction.*
- (6) *Capacity for independent living.*
- (7) *Economic self-sufficiency.*

Title 17, CCR, §54000. Developmental Disability.

(a) *"Developmental Disability" means a disability that is attributable to mental retardation, cerebral palsy, epilepsy, autism, or disabling conditions found to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation.*

(b) *The Developmental Disability shall:*

- (1) *Originate before age eighteen;*
- (2) *Be likely to continue indefinitely;*
- (3) *Constitute a substantial disability for the individual as defined in the article.*

(c) *Developmental Disability shall not include handicapping conditions that are:*

- (1) *Solely psychiatric disorders where there is impaired intellectual or social functioning which originated as a result of the psychiatric disorder or treatment given for such a disorder. Such psychiatric disorders include psycho-social deprivation and/or psychosis, severe neurosis or personality disorders even where social and intellectual functioning have become seriously impaired as an integral manifestation of the disorder.*
- (2) *Solely learning disabilities. A learning disability is a condition which manifests as a significant discrepancy between estimated cognitive potential and actual level of educational performance and which is not a result of generalized mental retardation, educational or psycho-social deprivation,*

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

psychiatric disorder, or sensory loss.
(3) Solely physical in nature. These conditions include congenital anomalies or conditions acquired through disease, accident, or faulty development which are not associated with a neurological impairment that results in a need for treatment similar to that required for mental retardation.

Title 17, CCR, §54001. Substantial Disability.
(a) "Substantial disability" means:
(1) A condition which results in major impairment of cognitive and/or social functioning, representing sufficient impairment to require interdisciplinary planning and coordination of special or generic services to assist the individual in achieving maximum potential; and
(2) The existence of significant functional limitations, as determined by the regional center, in three or more of the following areas of major life activity, as appropriate to the person's age:
(A) Receptive and expressive language;
(B) Learning;
(C) Self-care;
(D) Mobility;
(E) Self-direction;
(F) Capacity for independent living;
(G) Economic self-sufficiency.
(b) The assessment of substantial disability shall be made by a group of Regional Center professionals of differing disciplines and shall include consideration of similar qualification appraisals performed by other interdisciplinary bodies of the Department serving the potential client. The group shall include as a minimum a program coordinator, a physician, and a psychologist.
(c) The Regional Center professional group shall consult the potential client, parents, guardians/conservators, educators, advocates, and other client representatives to the extent that they are willing and available to participate in its deliberations and to the extent that the appropriate consent is obtained.

5. **Needs-based Institutional and Waiver Criteria.** There are needs-based criteria for receipt of institutional services and participation in certain waivers that are more stringent than the criteria above for receipt of HCBS state plan services. Individuals receiving institutional services and participating in certain waivers on the date that more stringent criteria become effective are exempt from the new criteria until such time as they no longer require that level of care. *(Include copies of the State's official documentation of the need-based criteria for each of the following):*

- *Applicable Hospital*
- *NF*
- *ICF/MR*

Differences Among Level of Care Criteria

State Plan HCBS Needs-based eligibility criteria	NF	ICF/MR LOC	Hospitalization LOC
The individual meets the following criteria:	Skilled nursing procedures provided as a part of skilled nursing	The individual must be diagnosed with a developmental disability	The individual requires: Continuous availability of

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

State Plan HCBS Needs-based eligibility criteria	NF	ICF/MR LOC	Hospitalization LOC
<p>A need for habilitation services, as defined in Section 1915(c)(5) of the Social Security Act (42 U.S.C. § 1396 <i>et seq.</i>), to teach or train in new skills that have not previously been acquired, such as skills enabling the individual to respond to life changes and environmental demands (as opposed to rehabilitation services to restore functional skills); and</p> <p>A likelihood of retaining new skills acquired through habilitation over time; and</p> <p>A condition which results in major impairment of cognitive and/or social functioning, representing sufficient impairment to require interdisciplinary planning and coordination of special or generic services to assist the individual in achieving maximum potential, that continues, or can be expected to continue, indefinitely; and</p> <p>The existence of significant functional limitations in at least three of the following areas of major life</p>	<p>care are those procedures which must be furnished under the direction of a registered nurse in response to the attending physician's order. The need must be for a level of service which includes the continuous availability of procedures such as, but not limited to, the following:</p> <p>Nursing assessment of the individuals' condition and skilled intervention when indicated;</p> <p>Administration of injections and intravenous or subcutaneous infusions;</p> <p>Gastric tube or gastrostomy feedings;</p> <p>Nasopharyngeal aspiration;</p> <p>Insertion or replacement of catheters</p> <p>Application of dressings involving prescribed medications;</p> <p>Treatment of extensive decubiti;</p> <p>Administration of medical gases</p>	<p>and a qualifying developmental deficit exists in either the self-help or social-emotional area. For self-help, a qualifying developmental deficit is represented by two moderate or severe skill task impairments in eating, toileting, bladder control or dressing skill. For the social-emotional area, a qualifying developmental deficit is represented by two moderate or severe impairments from a combination of the following; social behavior, aggression, self-injurious behavior, smearing, destruction of property, running or wandering away, or emotional outbursts.</p>	<p>facilities, services, equipment and medical and nursing personnel for prevention, diagnosis or treatment of acute illness or injury.</p>

activity, as appropriate to the person's age Receptive and expressive language <ul style="list-style-type: none"> • Learning; • Self-care; • Mobility; • Self-direction; • Capacity for independent living; 			

6. **Reevaluation Schedule.** The State assures that needs-based reevaluations are conducted at least annually.
7. **Adjustment Authority.** The State will notify CMS and the public at least 60 days before exercising the option to modify needs-based eligibility criteria in accord with 1915(i)(1)(D)(ii).

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

Home and Community-Based Settings

(By checking the following box the State assures that):

1. **Home and Community-Based Settings.** The State plan HCBS benefit will be furnished to individuals who reside and receive HCBS in their home or in the community, not in an institution. *(Explain how residential and non-residential settings in this SPA comply with Federal home and community-based settings requirements at 42 CFR 441.710(a)(1)-(2) and associated CMS guidance. Include a description of the settings where individuals will reside and where individuals will receive HCBS, and how these settings meet the Federal home and community-based settings requirements, at the time of submission and in the future):*

(Note: In the Quality Improvement Strategy (QIS) portion of this SPA, the state will be prompted to include how the state Medicaid agency will monitor to ensure that all settings meet federal home and community-based settings requirements, at the time of this submission and ongoing.)

TN No. 18-023
Supersedes
TN. No. 16-016

Approval Date: December 17, 2018

Effective Date: July 01, 2018

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

The state assures that this 1915(i) HCBS SPA will be subject to any provisions or requirements included in the state's most recent and/or approved home and community-based settings Statewide Transition Plan. The state will implement any required changes by the end of the transition period as outlined in the home and community-based settings Statewide Transition Plan.

As noted in state law (W&IC section 4684.80(a) for EBSHs and W&IC 4698(b)(1) for CCHs), EBSHs/CCHs provide services to a maximum of four individuals with private bedrooms and must conform with the HCBS settings requirements of 42 CFR 441.530(a)(1). Therefore, meeting the HCBS settings requirements is considered during the planning and development of these homes. EBSHs are designed for individuals who require more enhanced behavioral supports, staffing and supervision than is available in other licensed residential settings. In addition to the same licensing criteria for adult residential facilities and group homes, certification by DDS is also required as a condition of licensure of an EBSH/CCH. This certification requirement is another opportunity to review the planned service design for compliance with the HCBS settings requirements.

As these homes are new setting types under this 1915i, each one will be assessed regarding compliance with the HCBS settings requirements prior to the submission of federal claiming for services provided in these settings. The assessment process will be as follows:

- The regional center, in conjunction with the consumers and service provider, will conduct an on-site assessment of the EBSH/CCHs using a standardized tool, developed as part of the State's transition planning, which aligns with the HCBS settings requirements.
- This assessment will include a review of the EBSH's/CCH's policies/procedures for alignment with the HCBS requirements.
- Results of the assessment will be documented on the standardized tool and maintained by the regional center and provider
- The assessment will also indicate any setting requirements that initially were not met and the actions taken in response.
- Upon completion, the written assessment and supporting information will be forwarded to DDS for validation of the assessment findings via review of the supporting information and assessment. If validated, the individual EBSH/CCH is considered an eligible 1915i provider.
- On-going monitoring of compliance with the HCBS settings requirements will occur in the following ways:
 - During required on-site monitoring visits of all EBSHs/CCHs by DDS, and
 - During the on-site 1915i monitoring reviews where a representative, random number of consumers are selected for review. This review includes on-site visits to settings where consumers receive services.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

indicated that congregate housing and sheltered workshops tend to isolate beneficiaries, and believe residents and participants in these settings will need to be relocated. Further, advocates have asserted that beneficiaries must be a part of the assessment team and actively involved in all aspects of the STP process. Providers have commented that assessing a category of settings may not be adequate as there is diversity among settings within a category. In addition, providers have raised concerns about funding and resources should modifications be necessary to come into compliance

State Response Reference Key:

- (1) No action to be taken; outside of STP purview.
- (2) Comment logged for continuous consideration through transition process.
- (3) Language in the Statewide Transition Plan has been added or modified due to stakeholder input.
- (4) Compliance determination will be made once the Provider Self-Survey, Beneficiary Self-Survey, and On-Site Assessment have been completed.
- (5) The State will continue its education and outreach to meet the needs of agencies, stakeholders, and beneficiaries as the Statewide Transition Plan is implemented.

Consumers and Family:

(1) California HCBS Requirements must not become stricter than federal regulations.

(1) HCBS requirements are not uniform across the state, i.e. 4 beds vs 6 beds limitations in residential facilities. There is not enough supply of residential facilities and imposing new regulations could shrink this number further.

(1) Difficult to find appropriate/stimulating day programs and housing.

(1) DDS should take a more active role ensuring Regional Centers are providing services in a uniform manner.

(1) IPPs should include a description of services that were requested but were not delivered due to insufficient supply.

(1) More jobs available to consumers, including full-time, \$9/hr. positions.

(3) Add language relative to parental or guardian choice of services/settings for children. STP does not specify Plan for children under 18 years; therefore, the STP assumes children's needs are the same as adults.

(4) DD Consumers should be allowed to live with different level types, i.e. Level 2 living with Level 4a or 4b.

(4) Please permit Group Homes, Farmsteads, Gated Communities, Disability-Specific Housing, Intentional Communities, and Clustered Group Settings.

(4) Day Programs, Work Programs, and Sheltered Work Programs must remain an appropriate setting.

(4) There are 73,000 Californians with severe forms of autism. We need to maximize autism housing options including those congregate in nature.

(4) Ensure that community inclusion requirements do not exclude rural HCBS housing options

Advocates:

(2) State should use pre-existing tools, such as the National Core Indicator (NCI), for assessing settings, and to narrow down the services and sites requiring assessment.

(2) Request extension for further STP review and public comment.

(2) Invest in the infrastructure to support self-direction and community living including: the CART Model; Supported Health Care Decision Making Services; technology infrastructure; increased Regional Center funding; improved access to dispersed housing; incentives and support for real jobs for real wages.

TN No. 16-016

Supersedes

TN. No. None

Approval Date: September 29, 2016

Effective Date: October 1, 2016

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

(3) Ensure that a consumer is part of all on-site evaluation survey teams. In addition, a family member and/or consumer advocate, and one provider should also be included.

(3) Conduct an adequate number of on-site evaluations. If the State plans to submit any setting to the heightened scrutiny process, it should perform an On-Site Assessment.

(3) Compliance may be determined using self-assessments, provider assessments, and consumer/family input through the person-centered planning process.

(3) While assessing settings by category will be useful, on-site evaluations must be conducted.

(3) Settings that “cluster” people with disabilities will have to undergo major architectural changes to comport to the new rules. The STP must include a plan for transferring these participants to more integral settings.

(3) DHCS must develop a plan to expand investment of state funds in order to implement the rules properly.

(3) If self-assessments raise concerns, the state must do an on-site evaluation.

(3) To comply with the Federal Rules, additional investments in health care infrastructure for adults with developmental disabilities will be required.

(3) (4) STP states California does not anticipate relocation of consumers, but gated communities and ICF-DDs are presumed not to have the qualities of HCBS. California must take steps to increase availability of services in integrated settings and have these options available if/when consumers are transitioned.

(3) (4) (5) Stakeholder input process must be made accessible to people with sensory impairments. DHCS should develop a communication plan for education and outreach. A consumer must be part of all assessment teams, and consumer self-assessments should be required to self-assess their living arrangements in day programs.

(3) (4) (5) On-site evaluations must include each provider category listed in the plan in every county in the state; and consumers/families should be consulted during on-site reviews for greater accuracy.

(3) (5) Take steps to obtain robust and candid stakeholder input. Convene focus groups for the sharing of personal experiences. Allow stakeholder input through multiple channels: mail, website, dedicated telephone and fax numbers. More robust education and outreach.

(3) (5) Provide transparency in Transition Plan Activities: accurate assessments of providers; publish a list of providers and an initial assessment of HCB setting compliance.

(3) (5) Provide specifics in assessments, so as to allow for more meaningful responses. Federal Rules tend to be vague; comments suggest specific assessment questions to be used to determine HCB setting compliance.

(4) Sheltered workshops are not integrated as all workers have developmental disabilities, and these workers do not integrate with non-disabled workers. California should ensure that individuals have access to supported employment services that help people find real jobs that pay real wages, and that workers with disabilities work alongside non-disabled workers.

(4) California should reject new applications for clustered and congregate projects, gated communities, and Intermediate Care Facilities, and should stop placing consumers in these settings.

(4) Sheltered workshops are not considered by many with disabilities as a community-based service. The STP should include a plan to transition people out of sheltered workshops into individual support employment.

(4) The state does not positively state which current services are already meeting the settings requirements, which do not, and which require further review.

(5) What is the deadline for HCB setting and/or consumers receiving the assessment questionnaire?

(5) DHCS must develop guidance for every state department involved in the HCB setting implementation process so that state departments know how they must conduct the transition/implementation process.

(5) Consumers must be involved in the stakeholder and implementation process.

(5) A list of HCB settings that are NOT being scrutinized should be prepared for stakeholders.

TN No. 16-016

Supersedes

TN. No. None

Approval Date: September 29, 2016

Effective Date: October 1, 2016

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

- (5) STP should more specifically identify the state's intention to form work groups and/or use existing committees to look at implications specific to populations served.
- (5) **No information or direction is found on Regional Center websites RE: the STP.**
- (5) **Education and Outreach section of STP does not define who will provide training to stakeholders.**
- (5) Follow consistent principles, across state departments, in implementation of the Federal Rules.

Providers:

- (1) **HCPS providers have had their pay rates frozen for 15 years. Wage disparity between HCB settings and institutions limits HCB providers' ability to recruit and retain staff.**
- (2) Add home health agencies and case management companies to the list of settings for compliance determination.
- (3) Ensure consumers are given adequate choice of service/setting.
- (3) Departments should be able to use an assessment tool that applies to their programs, not a generic tool used across all programs. Further, survey teams need to be trained on the tool and the definition and meaning of HCB Setting rules. Assessment Template must be reliable and valid.
- (3) Development of assessment tools, evaluation of settings, program modifications, and supporting individuals through service transition will require resources, which must be included in the state's budget for community-based developmental services.
- (3) (5) Establish a standing stakeholder monitoring and advisory committee for issues related to people eligible for DD Services.
- (3) (5) Changes that must be made to bring a setting into compliance will likely require funding so the STP should be clear about this. The STP should recognize that if changes are necessary, adequate funding must be made available to affect them.
- (4) Adult Development Center is available statewide. Contra Costa County has 7 different settings, some of which are 100% in the community with no facility involved; others are 50% on the site and 50% in the community. Assessments must be made of individual settings, not to the category as a whole.
- (5) Consumers transitioning from school to adult services have not been properly informed of new federal rules. STP contains no suggestion of how issues RE: child to adult services will be addressed; no information on the Department of Education website.
- (5) DSS-CCL has authority to grant or revoke licenses for residential and non-residential settings; therefore, the state must establish timelines for making necessary modifications to the statutes and regulations for these programs.

Stakeholder Input on Draft STP Posted July 1, 2015.

Many comments are responded to using the response reference key below. Other comments received from stakeholders regarding the draft STP are addressed with a "Response" following each comment. Please note, bold text indicates frequently received comments.

State Response Reference Key:

- (1) No action to be taken; outside of STP purview.
- (2) Comment logged for continuous consideration through transition process.
- (3) Language in the Statewide Transition Plan has been added or modified due to stakeholder input.
- (4) Compliance determination will be made once the Provider Self-Survey, Beneficiary Self-Survey, and On-Site Assessment have been completed.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

(5)

(6) The State will continue its education and outreach to meet the needs of agencies, stakeholders, and beneficiaries as the Statewide Transition Plan is implemented.

(3) (4) HCB Setting requirements are based on principle of “least restrictive environment (LRE).” LRE mandates that all DD individuals shall be able to exercise freedom of choice and self-determination as to housing arrangements based on their unique needs as do others without disabilities. However, DHCS’ interpretation of the HCB Setting requirements will restrict freedom of choice and self-determination. HCB Setting rules are being distorted to limit housing choices for DD participants.

(3) (4) Those who choose to live or work in a campus or farm based setting should not be forced to change or limit their desired time to be supported in that setting. A least restrictive environment for one person may not be the least restrictive environment for another with different support needs.

(3) (4) "Please permit Group Homes, Farmsteads, Gated Communities, Disability-Specific Housing, Intentional Communities and Clustered Group Settings."

(3) (4) Criteria and assessments should NOT be based on physical characteristics, such as density of waiver recipients or proximity to other services or employment opportunities. Home and community settings should be individually assessed for quality based on waiver recipient feedback. Setting size or physical characteristics are not indicators of institutional attitudes or abuse, thus should not be used.

(3) (4) Please allow our sons and daughters to continue to be able to choose from all appropriate options, include rural, farm and ranch options, where many people with autism/DD feel very comfortable and at home.

(3) (4) Because the need for housing and supportive services is so overwhelming, I urge you to please ensure that people with developmental disabilities, and those who love and care for them, do not face even more limits on already scarce and under-funded living options.(3) (4) CMS claims its new rules are intended to prevent isolation, but a choice to live with one’s peers is often the least isolating option of all. We all want for our children, a safe, nurturing, stable, fulfilling life. We do not want our children’s choices of living environment or daytime activities to be limited or restricted to settings that will isolate our children and put them at risk of abuse, neglect, or loneliness. It means securing some degree of continuing oversight by many involved families, not by just a for-profit owner of a small home, so that in the absence, by illness, aging or death, of any one of us parents, there are others helping to supervise all the residents.

(3) (4) People with DD must be given the choice of living in a supportive setting that meets their needs when such a setting is a community of others with DD integrated into a larger community. For some people, an intentional community can provide essential support much better than individual or small group housing. It is a serious error to regard all such setting as prohibited “institutions.”

(3) (4) Please do not make sweeping restrictions that rule out options for many whom would be well served by them. Decisions about what is community-based should be made based on what actually happens in an environment and how well that fits with the needs of the residents, not based on some description of the housing and its address.

(3) (4) Any implementation of the HCBS waiver program should include the following:

- **Maximum ability for the disabled person to be supported in the setting of his/her choice and, if unable to make such a choice, the choice loved ones determine is best.**

- **A range of options must be included so that we are not trying to create a “one size fits all” environment where outsiders are judging where a disabled individual belongs.**

TN No. 16-016

Supersedes

TN. No. None

Approval Date: September 29, 2016

Effective Date: October 1, 2016

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

- **A high quality of life is essential to each individual and should be the criteria for assessment of a setting, not where housing is located, nor the size of a particular setting, nor who the disabled person wants to live with, nor proximity to any particular amenities.**
- **People with developmental disabilities, or those who love them, should not have to be afraid of losing critical support services for choosing or developing their desired home, work and community opportunities.**
- **A least restrictive environment for one person may not be the least restrictive environment for another with different support needs, social needs, or interests. This difference should be respected and supported.**
- **California must not limit desired support services, employment, or housing choices for people with developmental disabilities, but should instead be helping to expand and fund creative solutions to address this enormous need.**
- **No two people with developmental disabilities are exactly alike and therefore no single setting or preference should receive priority for HCBS funding over another.**

Please do not use the HCBS Waiver Program as a means of limiting our children's choices for living the lives they want, in an environment of their choosing, and creating a meaningful future for themselves. Please do not limit their rights.

(3) (5) Must maximize public outreach and public comments. Outreach must be unified across departments.

(3) (5) The STP should identify steps toward compliance; what specific policy (state laws/regulations) needs to be added or changed; and what funding and other resources will be available (or not) for such transition to compliance.

Advocates:

(2) State must establish firm timelines for modifications to statutes and regulations.

(3) Modifications to settings will require funding. State must include funding in budget.

(3) Proposed revisions to page 5, "For Medicaid/Medi-Cal provider-owned or controlled HCB residential settings, the provider must offer.

(3) Proposed revisions to page 15, **Participation** in the DD Waiver is not required to access the State's full array of available developmental services.

Proposed Revisions to page 5. "the purpose of this waiver is to serve beneficiaries of all ages in their own homes and community settings as an alternative to placement in hospitals, nursing facilities, or intermediate care facilities with persons with developmental disabilities (ICF-DD).

(3) STP needs State commitment for inter-departmental collaboration.

TN No. 16-016

Supersedes

TN. No. None

Approval Date: September 29, 2016

Effective Date: October 1, 2016

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

(3) Proposed revisions to page 19, The on-site evaluations will be ongoing until remedial strategies, **which may include necessary funding augmentations**, are identified that will incorporate ongoing monitoring protocols into existing processes.

(3) Provide mechanisms to ensure ongoing compliance.

(3) Need to amend and improve licensing standards to ensure continuing compliance with HCB regulations

(3) (4) If a person without a disability chooses to live on a farm, a ranch, or in a congregate setting (as millions of non-disabled people chose to do), then people with disabilities must be able to avail themselves of the same options, without risking loss of basic, essential support services. Respecting the choices of those with disabilities must trump any paternalistic mandate for particular types of setting.

(3) (4) Some services (settings) will likely not comply with federal standards before 2019 deadline. Separate policy decisions must be made whether the State will continue to fund these services/settings.

(3) (4) Need to identify and address presumed institutional settings.

(3) (4) Of necessity, the STP must identify programs and services that are out of compliance with HCB setting requirements and how the State intends to bring them into compliance.

(3) (4) Identify settings that fail to comply with HCB requirements.

(3) (5) The STP should describe steps the State will take to ensure these settings and services thrive, how they will connect to each other, and how the State will ensure that consumers across the state have access to these settings and services.

(3) (5) Assess whether the State's standards comply with the federal HCBS regulations.

a. Estimate the number of settings that

b. Fully comply with the HCBS regulations;

c. Do not comply with the HCBS regulations;

d. Cannot meet the HCBS regulations and, as a result, will be removed from the HCBS program; or

e. Are presumptively non-HCBS but, based on information submitted by the state, nonetheless should be considered to have HCBS qualities.

f. Describe the remedial actions the State will use to assure full compliance with the HCBS regulations.

g. Describe the state's monitoring processes for assuring full and ongoing compliance with the HCBS regulations.

(4) Require settings to improve their procedures and/or physical layout.

(5) Need to develop and commit to timelines and benchmarks to implement the STP.

CMS instructions for STP indicate initial assessments of settings should be made; a delay in assessments will cost valuable time.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

- **Response:** The State will be making these assessments using the Provider and Beneficiary Self-Survey Tools, and the On-Site Assessment Tools. A systemic assessment was also completed per CMS instruction.
- **Response:** The intent of the DD Waiver is to service eligible consumers who meet ICF LOC and higher.

Proposed revisions to page 17: The standards governing each setting will be assessed to allow determination whether each standard is in compliance, out of compliance or whether the standard is silent on the federal requirement. **In some instances, a standard may be found to be in partial compliance or to be partially silent. In cases of less than total compliance, remedial measures will be taken to clarify or enhance the statute or regulation to achieve full compliance.**

- **Response:** The State believes the intent of this comment is achieved in the current STP language. Systemic assessments do not preclude settings from further compliance determination processes described in the STP.

Settings that are common to two or more waivers must be considered separately for each waiver. Greater attention is needed to the specific details related to each setting in order to definitively identify areas of compliance or non-compliance. In several instances, the remedial strategy identified is to address the incongruence between state and federal standards at the time of next waiver renewal. This delay is not acceptable.

- **Response:** Stakeholders and legal experts have vetted the Systemic assessment and these assessments do not preclude settings from further compliance determination processes described in the STP.

Problems with systemic assessment summary.

- **Response:** Stakeholders and legal experts have vetted the Systemic assessment and these assessments do not preclude settings from further compliance determination processes described in the STP.

July 1 Draft STP does not include setting types from previous STP draft: Crisis Intervention Facility, In-Home Day Program, ICFDD-Continuous Nursing Care, Residential Facility (Out-of-State), and Supported employment.

- **Response:** After further consideration, the State removed these “setting” types for the following reasons:

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

- Crisis Intervention Facility: This provider type is listed under Behavioral Intervention Services under the DD Waiver. Most often, it is a team of Crisis specialists that will tend to a participant during an episode, often in the participant's home setting. It is a short term service, not a setting.
- In-home Day Program – this is a service, not a setting.
- ICFDD-Continuous Nursing Care - the State expects that by the time of the NF/AH waiver renewal, ICFDDs will be considered a State Plan health facility, not under the purview of the STP.
- Residential Facility (Out-of-State) – the State uses the same standards as in-state residential facilities so was removed from the list.
- Supported Employment - this is a service, not a setting

Providers:

(3) (4) We are Developing two proprieties in Livermore and Pleasanton that could accommodate up to 40 individuals in a community setting. It's a residential option being chosen by families and members, due to the unique needs and desires of the special needs individual. Under the narrow interpretation of the HCB Settings rules, the development could be viewed as 'institutional.'

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

Person-Centered Planning & Service Delivery

1. There is an independent assessment of individuals determined to be eligible for the State plan HCBS benefit. The assessment is based on:
 - An objective face-to-face assessment with a person-centered process by an agent that is independent and qualified;
 - Consultation with the individual and if applicable, the individual's authorized representative, and includes the opportunity for the individual to identify other persons to be consulted, such as, but not limited to, the individual's spouse, family, guardian, and treating and consulting health and support professionals caring for the individual;
 - An examination of the individual's relevant history, including findings from the independent evaluation of eligibility, medical records, an objective evaluation of functional ability, and any other records or information needed to develop the plan of care;
 - An examination of the individual's physical and mental health care and support needs, strengths and preferences, available service and housing options, and when unpaid caregivers will be relied upon to implement the plan of care, a caregiver assessment;
 - If the State offers individuals the option to self-direct State plan HCBS, an evaluation of the ability of the individual (with and without supports), or the individual's representative, to exercise budget and/or employer authority; and
 - A determination of need for (and, if applicable, determination that service-specific additional needs-based criteria are met for), at least one State plan home and community-based service before an individual is enrolled into the State plan HCBS benefit

2. Based on the independent assessment, the individualized plan of care:
 - Is developed with a person-centered process in consultation with the individual, and others at the option of the individual such as the individual's spouse, family, guardian, and treating and consulting health care and support professionals. The person-centered planning process must identify the individual's physical and mental health support needs, strengths and preferences, and desired outcomes;
 - Takes into account the extent of, and need for, any family or other supports for the individual, and neither duplicates, nor compels, natural supports;
 - Prevents the provision of unnecessary or inappropriate care;
 - Identifies the State plan HCBS that the individual is assessed to need;
 - Includes any State plan HCBS in which the individual has the option to self-direct the purchase or control ;
 - Is guided by best practices and research on effective strategies for improved health and quality of life outcomes; and
 - Is reviewed at least every 12 months and as needed when there is significant change in the individual's circumstances.

3. **Responsibility for Face-to-Face Assessment of an Individual's Support Needs and Capabilities.**
There are educational/professional qualifications (that are reasonably related to performing assessments) of the individuals who will be responsible for conducting the independent assessment, including specific training in assessment of individuals with physical and mental needs for HCBS. *(Specify qualifications):*

The minimum requirement is a degree in social sciences or a related field. Case management experience in the developmental disabilities field or a related field may be substituted for education

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

on a year-for-year basis.

- 4. Responsibility for Service Plan Development.** There are qualifications (that are reasonably related to developing plans of care) for persons responsible for the development of the individualized, person-centered plan of care. (*Specify qualifications*):

The minimum requirement is a degree in social sciences or a related field. Case management experience in the developmental disabilities field or a related field may be substituted for education on a year-for-year basis.

- 5. Supporting the Participant in Service Plan Development.** Supports and information are made available to the participant (and/or the additional parties specified, as appropriate) to direct and be actively engaged in the service plan development process. (*Specify: (a) the supports and information made available, and (b) the participant's authority to determine who is included in the process*):

The service plan, commonly referred to as the individual program plan (IPP), is prepared jointly by the planning team, which at minimum includes the individual or, as appropriate their parents, legal guardian or conservator, or authorized representative and a representative from the regional center. When invited by the individual, others may join the planning team.

The IPP is developed through a person-centered process of individualized needs determination with the opportunity for active participation by the individual/representative in the plan development and takes into account the individual's needs and preferences. Person-centered planning is an approach to determining, planning for, and working toward the preferred future of the individual and her or his family. Decisions regarding the individual's goals, services and supports included in the IPP are made by agreement of the planning team.

a) *the supports and information made available* –Information available for supporting recipients in the IPP process includes but is not limited to the following documents, all of which are available using the links below or through the DDS website at www.dds.ca.gov:

1. "[Individual Program Plan Resource Manual](#)" - This resource manual is designed to facilitate the adoption of the values that lead to person-centered individual program planning. It is intended for use by all those who participate in person-centered planning. It was developed with extensive input from service recipients, families, advocates and providers of service and support.
2. "[Person Centered Planning](#)" - This publication consists of excerpts taken from the Individual Program Plan Resource Manual to provide recipients and their families information regarding person-centered planning.
3. "[From Conversations to Actions Using the IPP](#)" - This booklet shares the real life stories of how recipients can set their goals and objectives and work through the IPP process to achieve them.
4. "[From Process to Action: Making Person-Centered Planning Work](#)" - This guide provides a quick look at questions that can help a planning team move the individual program plan from process to action focusing on the person and the person's dreams for a preferred future.

For those participants who receive respite, skilled nursing, non-medical transportation, and/or community-based training services identified as a need in their IPP, the opportunity to self-direct those services will be offered at the time of the IPP development. As required by Title 17, CCR

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

58886, when the decision to self-direct services is made, the consumer/family member is provided with information regarding their responsibilities and functions as either an employer or co-employer as well the requirement to use and assistance in identifying a Financial Management Services provider.

b) *The participant's authority to determine who is included in the process* – As noted above, the IPP planning team, at a minimum, consists of the recipient and, where appropriate, his or her parents, legal guardian or conservator, or authorized representative, and an authorized regional center representative. With the consent of the recipient/parent/representative, other individuals, may receive notice of the meeting and participate.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

6. Informed Choice of Providers. *(Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the 1915(i) services in the service plan):*

The case manager informs the recipient and/or his or her legal representative of qualified providers of services determined necessary through the IPP planning process. Recipients may meet with qualified providers prior to the final decision regarding providers to be identified in the service plan.

7. Process for Making Service Plan Subject to the Approval of the Medicaid Agency. *(Describe the process by which the service plan is made subject to the approval of the Medicaid agency):*

On a biennial basis, DHCS in conjunction with DDS will review a representative sample of recipient IPPs to ensure all service plan requirements have been met.

8. Maintenance of Service Plan Forms. Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §74.53. Service plans are maintained by the following *(check each that applies)*:

<input type="checkbox"/>	Medicaid agency	<input type="checkbox"/>	Operating agency	<input type="checkbox"/>	Case manager
<input checked="" type="checkbox"/>	Other <i>(specify)</i> :	Regional centers are required to maintain service plans for a minimum of five years.			

Services

1. State plan HCBS. *(Complete the following table for each service. Copy table as needed):*

Service Specifications *(Specify a service title for the HCBS listed in Attachment 4.19-B that the State plans to cover):*

Service Title:	Habilitation – Community Living Arrangement Services
Service Definition (Scope):	
<p>Habilitation—Community Living Arrangement Services (CLAS) includes two components, based on the setting:</p> <p>A) Licensed/certified settings - CLAS provided in these settings include assistance with acquisition, retention, or improvement in skills related to living in the community. Services and supports include assistance with activities of daily living, (e.g. personal grooming and cleanliness, bed making and household chores, eating and the preparation of food), community inclusion, social and leisure skill development and the adaptive skills necessary to enable the individual to reside in a non-institutional setting.</p> <p>Services provided in licensed/certified settings will take into consideration the provision of the following:</p> <ol style="list-style-type: none"> Private or semi-private bedrooms shared by no more than two persons with personal décor. The choice of residential settings, including making decisions regarding sharing a bedroom, 	

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

is made during the person-centered planning process.

2. Private or semi-private bathrooms. The residence must have enough bathroom space to ensure residents' privacy for personal hygiene, dressing, etc.
3. Common living areas or shared common space for interaction between residents, and residents and their guests.
4. Residents must have access to a kitchen area at all times.
5. Residents' opportunity to make decisions on their day-to-day activities, including visitors and when and what to eat, in their home and in the community.
6. Services which meet the needs of each resident.
7. Assurance of residents rights: a) to be treated with respect; b) choose and wear their own clothes; c) have private space to store personal items; d) have private space to visit with friends and family; e) use the telephone with privacy; f) choose how and with whom to spend free time; and g) have opportunities to take part in community activities of their choice; h) residential units are accessible to the individual and have lockable entrance doors with appropriate staff having keys; i) entering into an admission agreement and taking occupancy affords residents of licensed residential facilities the same protections from eviction that tenants have under landlord tenant law of the State, county, city or other designated entity.

Residential settings that contain multiple independent living units (e.g. apartments) are considered home-like settings for the purposes of this State Plan Amendment.

B) Supported living services (provided in residences owned or leased by the recipients.) - CLAS provided in these settings are tailored supports that provide assistance with acquisition, retention, or improvement in skills related to:

- Activities of daily living, such as personal grooming and cleanliness, bed making and household chores, eating and the preparation of meals, including planning, shopping, cooking, and storage activities;
- Social and adaptive skills necessary for participating in community life, such as building and maintaining interpersonal relationships, including a Circle of Support;
- Locating and scheduling appropriate medical services;
- Managing personal financial affairs;
- Selecting and moving into a home;
- Locating and choosing suitable house mates;
- Acquiring household furnishings;
- Recruiting, training, and hiring personal attendants;
- Acquiring, using, and caring for canine and other animal companions specifically trained to provide assistance;
- Acquiring, using and maintaining devices to facilitate immediate assistance when threats to health, safety, and well-being occur.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

CLAS may include additional activities, as appropriate, to meet the recipients' unique needs. These activities include those that address social, adaptive, behavioral, and health care needs as identified in the individual program plan. CLAS may also include the provision of medical and health care services that are integral to meeting the daily needs of residents (e.g., routine administration of medications or tending to the needs of residents who are ill or require attention to their medical needs on an ongoing basis). Medical and health care services such as physician services that are not routinely provided to meet the daily needs of residents are not included.

The specific services provided to each recipient vary based on the residential setting chosen and needs identified in the individual program plan.

Payments will not be made for the routine care and supervision which would be expected to be provided by a family, or for activities or supervision for which a payment is made by a source other than Medi-Cal. Payments for CLAS in licensed/certified settings do not include the cost for room and board. The method by which the costs of room and board are excluded from payment in these settings is specified in Attachment 4.19-B.

Additional needs based criteria for receiving the service, if applicable (*specify*):

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the State plans to cover):
Habilitation - Behavioral Intervention Services
Service Definition (Scope):
<p>Habilitation—Behavioral Intervention Services include two components:</p> <p>A) Individual/Group Practitioners - which may provide Behavioral Intervention Services in multiple settings, including the individual's home, workplace, etc. depending on the individual's needs.</p> <p>B) Crisis Support – If relocation becomes necessary, emergency housing in the person's home community is available. Crisis Support provides a safe, stable highly structured environment by combining concentrated, highly skilled staffing (e.g. psychiatric technicians, certified behavior analysts) and intensive behavior modification programs. Conditions that would qualify an individual for crisis support include aggression to others, self-injurious behavior, property destruction, or other pervasive behavior issues that have precluded effective treatment in the current living arrangement.</p> <p>While the location and intensity of the components of this service vary based on the individual's needs, all components of behavioral intervention services include use and development of intensive behavioral intervention (see #1 below) programs to improve the recipient's development; and behavior tracking and analysis. The intervention programs will be restricted to generally accepted,</p>

State Plan Under Title XIX of the Social Security Act

STATE/TERRITORY: CALIFORNIA

evidence-based, positive approaches. Behavioral intervention services are designed to assist individuals in acquiring, retaining and improving the self-help, socialization and adaptive skills necessary to reside successfully in home and community-based settings. These services include staff training, cross-training, or supports needed specifically to assist individuals transitioning into or out of a Community Crisis Home. Services may be provided to family members if they are for the benefit of the recipient. Services for family members may include training and instruction about treatment regimens and risk management strategies to enable the family to support the recipient. The participation of parent(s) of minor children is critical to the success of a behavioral intervention plan. The person-centered planning team determines the extent of participation necessary to meet the individual's needs. "Participation" includes the following meanings: Completion of group instruction on the basics of behavior intervention; Implementation of intervention strategies, according to the intervention plan; If needed, collection of data on behavioral strategies and submission of that data to the provider for incorporation into progress reports; Participation in any needed clinical meetings; provision of suggested nominal behavior modification materials or community involvement if a reward system is used. If the absence of sufficient participation prevents successful implementation of the behavioral plan, other services will be provided to meet the individual's identified needs.

(1) "Intensive behavioral intervention" means any form of applied behavioral analysis (ABA) based treatment (see #2 below) that is comprehensive, designed to address all domains of functioning, and provided in multiple settings, depending on the individual's needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

(2) "Applied behavioral analysis based treatment" means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Behavioral Habilitation services do not include services otherwise available to the person under the Individuals with Disabilities Education Act or the Rehabilitation Act of 1973.

This service in the 1915(i) state plan benefit is only provided to individuals age 21 and over. All medically necessary Habilitation Behavior Intervention Services for children under age 21 are covered in the state plan pursuant to the EPSDT benefit.

Additional needs-based criteria for receiving the service, if applicable (*specify*):

Categorically needy (*specify limits*):

Consumers are limited to no more than 12 months in a community crisis home in a service plan year and up to 18 consecutive months in total, per occurrence. Any additional day(s) must be approved by the Department, and reviewed monthly thereafter. Should these limits be reached, the regional center and community crisis home will follow the transition plan developed for the consumer to identify an alternative residential setting with services and supports that meet the consumer's needs.

Medically needy (*specify limits*):

Consumers are limited to no more than 12 months in a community crisis home in a service plan year and up to 18 consecutive months in total, per occurrence. Any additional day(s) must be approved by the Department, and reviewed monthly thereafter. Should these limits be reached, the regional center and community crisis home will follow the transition plan developed for the consumer to identify an alternative residential setting with services and supports that meet the consumer's needs.

Service Specifications <i>(Specify a service title for the HCBS listed in Attachment 4.19-B that the State plans to cover):</i>	
Service Title:	Prevocational Services
Service Definition (Scope):	
<p>Prevocational services are services that are delivered for the purpose of furthering habilitation goals of learning and work experience through a habilitation service plan required by 17 CCR § 58812 to outline a specific path to competitive, integrated employment in the community. The service plan is to be reviewed not less than annually or more frequently if requested by the individual.</p> <p>Services are intended to develop and teach general skills that lead to competitive and integrated employment including, but not limited to: ability to communicate effectively with supervisors, co-workers and customers; generally accepted community work place conduct and dress; ability to follow directions; ability to attend asks; work place problem solving skills and strategies; general work place safety and mobility training. Additionally, both work adjustment and supportive habilitation services as defined in Title 17 CCR § 58820 (c)(2), should allow for the development of productive skills, physical and psychomotor skills, interpersonal and communicative skills, health and hygiene maintenance, personal safety practices, self-advocacy training, and other skills aimed at maintaining a job and as outlined in the individual's person-centered services and supports plan. Individuals may be compensated based upon their performance and upon prevailing wage. However, compensation is not the sole purpose of participation in this service.</p> <p>Prevocational services are designed to prepare individuals in non-job-task-specific strengths and skills that contribute towards obtaining a competitive and integrated employment, as opposed to vocational services whose sole purpose is to provide employment without habilitation goals geared towards skill building.</p> <p>Transportation services are not included under Prevocational Services.</p> <p>Federal financial participation is not claimed for incentive payments, subsidies, or unrelated vocational training expenses such as incentive payments made to an employer to encourage or subsidize the employer's participation in supported employment; or payments that are passed through to users of supported employment services.</p>

Service Title: **Environmental Accessibility Adaptations**

Service Definition (Scope):

Those physical adaptations to the home, required by the individual's plan of care, which are necessary to ensure the health, welfare and safety of the individual, or which enable the individual to function with greater independence in the home, and without which, the individual would require institutionalization. Such adaptations may include the installation of ramps and grab-bars, widening of doorways, modification of bathroom facilities, or installation of specialized electric and plumbing systems which are necessary to accommodate the medical equipment and supplies which are necessary for the welfare of the individual. Excluded are those adaptations or improvements to the home which are of general utility, and are not of direct medical or remedial benefit to the individual, such as carpeting, roof repair, central air conditioning, etc. Adaptations which add to the total square footage of the home are excluded from this benefit. All services shall be provided in accordance with applicable State or local building codes.

It may be necessary to make environmental modifications to an individual's home before he/she transitions from an institution to the community. Such modifications may be made while the person is institutionalized. Environmental modifications, included in the individual's plan of care, may be furnished up to 180 days prior to the individual's discharge from an institution. However, such modifications will not be considered complete until the date the individual leaves the institution and is determined eligible for 1915(i) State Plan Services.

In the event an individual dies before the relocation can occur, but after the modifications have been made, the State will claim FFP at an administrative rate for services that would have been necessary for relocation to have taken place.

STATE/TERRITORY: CALIFORNIA

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):

Housing Access Services

Service Definition (Scope):

Housing Access Services includes two components:

- A) Individual Housing Transition Services. - These services provide direct support and assistance with activities and processes associated with an individual's preparation for and transition to housing. These services are:
1. Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on potential housing transition barriers, and identification of housing retention barriers.
 2. Assisting the individual in developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medicaid, may be required to meet the goal.
 3. Assisting the individual with the housing application process. Assisting with the housing search process.
 4. Assisting the individual with identifying resources to cover set-up fees for utilities or service access, including telephone, electricity, heating and water, and services necessary for the individual's health and safety, consisting of pest eradication and one-time cleaning prior to occupancy.
 5. Assisting the individual with coordinating resources to identify and address conditions in the living environment prior to move-in that may compromise the safety of the consumer.
 6. Assisting the individual with details of the move including communicating with the landlord to negotiate a move-in date, reading and understanding the terms of the lease, scheduling set-up of utilities and services, and arranging the move of consumers' belongings.
 7. Assisting the individual with the development of a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.
- B) Individual Housing & Tenancy Sustaining Services - This service is made available to support individuals to maintain tenancy once housing is secured. The availability of ongoing housing-related services in addition to other long term services and supports promotes housing success, fosters community integration and inclusion, and develops natural support networks. These tenancy support services are:
1. Assisting the individual in the early detection and intervention for behaviors that may jeopardize housing, such as late rental payment and other lease violations.
 2. Assisting the individual with education and training on the role, rights and responsibilities of the tenant and landlord.
 3. Coaching the individual on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy.

State Plan Under Title XIX of the Social Security Act

STATE/TERRITORY: CALIFORNIA

4. Assisting the individual in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action.
5. Assisting the individual with advocacy and linkage with community resources to prevent eviction when housing is, or may potentially become jeopardized.
6. Assisting the individual with the housing recertification process.
7. Assisting the individual in reviewing, updating and modifying their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers.
8. Providing the individual with continuous training in being a good tenant and lease compliance, including ongoing support with activities related to household management.

Housing Access Services do not include payment for room and board.

Persons receiving Health Homes or California Community Transitions services will not receive this service unless additional Housing Access through the 1915i is necessary to maintain the consumers' health, safety and wellbeing in the home and/or community.

Additional needs-based criteria for receiving the service, if applicable (*specify*):

Specify limits (if any) on the amount, duration, or scope of this service. Per 42 CFR Section 440.240, services available to any categorically needy recipient cannot be less in amount, duration and scope than those services available to a medically needy recipient, and services must be equal for any individual within a group. States must also separately address standard state plan service questions related to sufficiency of services.

Family Support Services

State Plan Under Title XIX of the Social Security Act

STATE/TERRITORY: CALIFORNIA

Service Definition (Scope):			
Provide care and supervision of children, for periods of less than 24 hours per day, while the parents/primary non-paid caregiver are out of the home. This service is provided in the recipient's own home or in an approved out of home location to do all of the following:			
<ol style="list-style-type: none"> 1. Assist family members in maintaining the recipient at home; 2. Provide appropriate care and supervision to protect the recipient's safety in the absence of family members; 3. Relieve family members from the constantly demanding responsibility of caring for a recipient; and 4. Attend to the recipient's basic self-help needs and other activities of daily living, including interaction, socialization, and continuation of usual daily routines which would ordinarily be performed by family members. 			
Family support services may only be provided when the care and supervision needs of a consumer exceed that of a person of the same age without developmental disabilities. Additionally payment may only be made when the cost of the service exceeds the cost of providing services to a person of the same age without disabilities.			
A regional center may offer family members the option to self-direct their own family support services.			
Additional needs-based criteria for receiving the service, if applicable (<i>specify</i>):

Service Title:	Transition Set Up Expenses
Service Definition (Scope):	
<p>Transition/Set Up Expenses are one-time, non-recurring set-up expenses to assist individuals who are transitioning from an institution to their own home. These expenses fund some of the initial set-up costs that are associated with obtaining and securing an adequate living environment and address the individual's health and safety needs when he or she enters a new living environment.</p> <p>"Own home" is defined as any dwelling, including a house, apartment, condominium, trailer, or other lodging that is owned, leased, or rented by the individual.</p> <p>This service includes necessary furnishings, household items and services that an individual needs for successful transition to community living and may include:</p> <ul style="list-style-type: none"> ▪ Security deposits that are required to obtain a lease on an apartment or home; ▪ Moving expenses; ▪ Health and safety assurances, such as pest eradication, allergen control or one-time cleaning prior to occupancy; ▪ Set up fees or non-refundable deposits for utilities (telephone, electricity, heating by gas); ▪ Essential furnishings to occupy and use a community domicile, such as a bed, table, chairs, window blinds, eating utensils, food preparation items, etc. <p>These services exclude:</p> <ul style="list-style-type: none"> ▪ Items designed for diversionary/recreational/entertainment purposes, such as hobby supplies, television, cable TV access, or VCRs and DVDs. ▪ Room and board, monthly rental or mortgage expense, regular utility charges, household appliances, and food. <p>Items purchased through this service are the property of the individual receiving the service and the individual takes the property with him/her in the event of a move to another residence.</p>	

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

<p>Some of these expenses may be incurred before the individual transitions from an institution to the community. In such cases, the Transition/Set Up expenses incurred while the person was institutionalized are not considered complete until the date the individual leaves the institution. Transition/Set Up expenses included in the individual's plan of care may be furnished up to 180 days prior to the individual's discharge from an institution. However, such expenses will not be considered complete until the date the individual leaves the institution and is determined eligible for 1915(i) State Plan Services.</p> <p>In the event an individual dies before the relocation can occur, but after the expenses have been incurred, the State will claim FFP at the administrative rate for services which would have been necessary for relocation to have taken place.</p>

Service Title:	Community-Based Training Service
Service Definition (Scope):	
<p>Community-based training service is a participant-directed service that allows recipients the opportunity to customize day services to meet their individualized needs. As determined by the person-centered individual program planning process, the service may include opportunities and assistance to: further the development or maintenance of employment and volunteer activities; pursue post-secondary education; and increase recipients' ability to lead integrated and inclusive lives. These services provide assistance with acquisition, retention, or improvement in self-help, socialization and adaptive skills. These services enable the individual to attain or maintain his or her maximum functional level and shall be coordinated with any physical, occupational, or speech therapies listed in the plan of care.</p> <p>Educational services consist of special education and related services as defined in Sections (22) and (25) of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) (20 U.S.C. 1401 et seq.), to the extent to which they are not available under a program funded by IDEA. Documentation is maintained in the file of each individual receiving this service that the service is not otherwise available under section 110 of the Rehabilitation Act of 1973 or the IDEA.</p> <p>Federal financial participation is not claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following:</p> <ol style="list-style-type: none"> 1. Incentive payments made to an employer to encourage or subsidize the employer's participation in supported employment; or 2. Payments that are passed through to users of supported employment services.

Service Title:	Financial Management Services
Service Definition (Scope):	
<p>Financial Management Services (FMS) are designed to serve as a fiscal intermediary that performs financial transactions (paying for goods and services and/or processing payroll for adult consumers' or their families' workers included in the IPP) on behalf of the consumer. FMS is an important safeguard because it ensures that consumers are in compliance with Federal and state tax, labor, workers' compensation insurance and Medicaid regulations. The term "Financial Management Services" or "FMS" is used to distinguish this important participant direction support from the activities that are performed by intermediary organizations that function as Medicaid fiscal agents.</p> <p>All FMS services shall:</p> <ol style="list-style-type: none"> 1. Assist the family member or adult consumer in verifying worker citizenship status. 2. Collect and process timesheets of workers. 3. Process payroll, withholding, filing and payment of applicable federal, state and local employment-related taxes and insurance. 4. Track, prepare and distribute reports (e.g., expenditure) to appropriate individual(s)/entities. 5. Maintain all source documentation related to the authorized service(s) and expenditures. 6. Maintain a separate accounting for each participant's participant-directed funds.

<input checked="" type="radio"/>	The State does not elect to provide for a period of presumptive payment for individuals that the State has reason to believe may be eligible for HCBS.
<input type="radio"/>	The State elects to provide for a period of presumptive payment for independent evaluation, assessment, and initial HCBS. Presumptive payment is available only for individuals covered by Medicaid that the State has reason to believe may be eligible for HCBS, and only during the period while eligibility for HCBS is being determined. The presumptive period will be <input type="text"/> days (not to exceed 60 days).

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

Participant-Direction of Services

Definition: Participant-direction means self-direction of services per §1915(i)(1)(G)(iii).

1. Election of Participant-Direction. *(Select one):*

<input type="radio"/>	The State does not offer opportunity for participant-direction of state plan HCBS.
<input type="radio"/>	Every participant in HCBS state plan services (or the participant's representative) is afforded the opportunity to elect to direct services. Alternate service delivery methods are available for participants who decide not to direct their services.
<input checked="" type="radio"/>	Participants in HCBS state plan services (or the participant's representative) are afforded the opportunity to direct some or all of their services, subject to criteria specified by the State. <i>(Specify criteria):</i>
	Participants who receive respite, community-based training services, skilled nursing or non-medical transportation have the opportunity to direct those services.

2. Description of Participant-Direction. *(Provide an overview of the opportunities for participant-direction under the HCBS State Plan option, including: (a) the nature of the opportunities afforded; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the approach to participant-direction):*

In support of personal control over supports and services, self-direction is an option that enables participants to procure their own services. Self-direction of services empowers participants and families by giving them direct control over how and when the services are provided. Families and consumers will have the freedom to directly control and decision making authority over how and when the services are provided as an alternative to receiving services provided by staff hired by an authorized agency through the regional center.

For those participants who receive respite, skilled nursing, non-medical transportation, and/or community-based training services identified as a need in their IPP, the opportunity to self-direct those services will be offered at the time of the IPP development. As required by Title 17, CCR section 58886, when the decision to self-direct services is made, the regional center is required to provide the consumer/family member with information regarding their responsibilities and functions as either an employer or co-employer. For those selecting to self-direct the indicated services, a Financial Management Service (FMS) provider, vendored by the regional center, will perform selected administrative functions such as payroll, taxes, unemployment insurance, etc. This relieves the participant of the burden of these administrative functions while still having the freedom exercise decision making authority over the provision of services.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

3. Participant-Directed Services. *(Indicate the HCBS that may be participant-directed and the authority offered for each. Add lines as required):*

Participant-Directed Service	Employer Authority	Budget Authority
Respite	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Community-Based Training Services	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Skilled Nursing	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Non-medical Transportation	<input checked="" type="checkbox"/>	<input type="checkbox"/>

4. Financial Management. *(Select one):*

<input type="radio"/>	Financial Management is not furnished. Standard Medicaid payment mechanisms are used.
<input checked="" type="radio"/>	Financial Management is furnished as a covered service entitled “Financial Management Service” as described in this amendment..

5. Participant-Directed Service Plan. The State assures that, based on the independent assessment, a person-centered process produces an individualized plan of care for participant-directed services that:

- Is directed by the individual or authorized representative and builds upon the individual’s preferences and capacity to engage in activities that promote community life;
- Specifies the services to be participant-directed, and the role of family members or others whose participation is sought by the individual or representative;
- For employer authority, specifies the methods to be used to select, manage, and dismiss providers;
- For budget authority, specifies the method for determining and adjusting the budget amount, and a procedure to evaluate expenditures; and
- Includes appropriate risk management techniques.

6. Voluntary and Involuntary Termination of Participant-Direction. *(Describe how the State facilitates an individual’s transition from participant-direction, and specify any circumstances when transition is involuntary):*

Participants may choose to switch to non-participant-directed services at any time. In some instances, there may not be agreement with the decision to terminate participant-direction of services. In these instances, the regional center would issue a notice of action and the participant would have the opportunity for a fair hearing. Regardless of the reason for termination of participant-direction, a planning team meeting is held to update the individual program plan and facilitate the transition from participant-direction to prevent a break in services.

State Plan Under Title XIX of the Social Security Act
STATE/TERRITORY: CALIFORNIA

7. **Opportunities for Participant-Direction**

a. **Participant–Employer Authority** (individual can hire and supervise staff). *(Select one):*

<input type="radio"/>	The State does not offer opportunity for participant-employer authority.
<input checked="" type="radio"/>	Participants may elect participant-employer Authority <i>(Check each that applies):</i>
<input checked="" type="checkbox"/>	Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide state plan services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.
<input checked="" type="checkbox"/>	Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide state plan services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.

b. **Participant–Budget Authority** (individual directs a budget). *(Select one):*

<input checked="" type="radio"/>	The State does not offer opportunity for participants to direct a budget.
<input type="radio"/>	Participants may elect Participant–Budget Authority.
	Participant-Directed Budget. <i>(Describe in detail the method(s) that are used to establish the amount of the budget over which the participant has authority, including how the method makes use of reliable cost estimating information, is applied consistently to each participant, and is adjusted to reflect changes in individual assessments and service plans. Information about these method(s) must be made publicly available and included in the plan of care):</i>
	Expenditure Safeguards. <i>(Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards):</i>

Quality Management Strategy

(Describe the State's quality management strategy in the table below):

Requirement	Monitoring Activity (What)	Monitoring Responsibilities (Who)	Evidence (Data Elements)	Management Reports (Yes/No)	Frequency (Mos/Yrs)
Service plans address assessed needs of enrolled participants, are updated annually, and document choice of services and providers.	A random sample of IPPs will be reviewed to ensure all requirements are met. Sample size will represent a 95% confidence level with no more than a 5% margin of error. Approval Date: September 29, 2016 Effective Date: October 1, 2016

<p>Describe the process(es) for remediation and systems improvement.</p>	<p>The following describes State’s quality management framework which starts with establishing clear expectations for performance (design), collecting and analyzing data to determine if the expectations are met (discovery), and finally, taking steps to correct deficiencies or improve processes and services (remediation and improvement).</p> <p>Because the 1915(i) and 1915(c) Waiver are provided under the same service delivery system, a consolidated Quality Management Strategy (QMS) is appropriate for gathering data for some performance measures. For example, providers serve both populations and have the same mandates under both programs. Additionally, expenditures occur simultaneously and fiscal oversight requirements are the same for both programs. Therefore, as indicated in the QMS table and referenced below, the quality reporting for some measurements in these areas will be the same for both the 1915(i) and 1915(c) Waiver while other measurements will reflect data specific to the 1915(i).</p> <p>Service Plans or individual program plans (IPPs)</p> <p>Performance expectations (design) in this area include:</p> <ul style="list-style-type: none"> • Service plans must address all participants’ assessed needs (including health and safety risk factors) and personal goals. • Service plans are reviewed at least annually and updated/revised when warranted by changes in the participant’s needs. • Services are delivered in the type, scope, amount, duration, and frequency in accordance with the service plan. • Participants are afforded choice of qualified providers. <p>Data collected (discovery) to determine if expectations are met includes:</p> <p>DDS and DHCS conduct biennial monitoring reviews of a random sample of service recipient records to ensure service plans meet the expectations identified above. Monitoring will be completed over a two-year period with reports produced after reviewing each geographical region (regional center). The statewide sample size will produce results with a 95% confidence level and no more than 5% margin of error. For example, with an estimated 40,000 recipients,</p>
--	---

	<ul style="list-style-type: none">• the sample size would be 381. For this performance measure, the quality reports for the 1915(i) and 1915(c) Waiver will reflect data exclusive to each program.• The recipient survey portion of the recently revised Client Development and Evaluation Report (CDER) includes questions regarding the recipient’s satisfaction with services.• Annually, all recipients receive a statement of services and supports purchased by the regional center for the purpose of determining if services were delivered. <p>Steps to correct deficiencies or improve processes and services (remediation and improvement) include:</p> <ul style="list-style-type: none">• Regional centers are required to submit plans to correct all issues identified in the biennial monitoring conducted by DDS and DHCS. These plans are reviewed and approved by the State.• The data from the monitoring reviews allows for identification of trends in a particular area (e.g. specific requirement or geographical area).• If any of the monitoring reviews result in a significant level of compliance issues, a follow-up review will be scheduled to evaluate the progress of the corrective actions taken in response to the previous monitoring review.• Extra training and/or monitoring is provided if issues are not remediated or improvement is not shown.• DDS’ Quality Management Executive Committee (QMEC), also attended by DHCS management, meets at least semi-annually to review data regarding service recipients, explore issues or concerns that may require intervention, and develop strategies and/or interventions for improved outcomes. <p>Qualified Providers</p> <p>Performance expectations (design) in this area include:</p> <ul style="list-style-type: none">• DDS sets qualifications for providers through the regulatory process.• Regional centers, through the vendorization process, verify that each provider meets the required qualifications (e.g. license, program design, staff qualifications) prior to services being rendered. <p>DDS developed and funds the Direct Support Professional (DSP) Training program. This is a 70</p>
--	---

	<ul style="list-style-type: none"> • hour, competency-based program mandatory for all direct service staff working in licensed residential facilities. The program is based upon minimum core competencies staff must have to ensure the health and safety of individuals being served. • DSS-CCLD is responsible for licensing community care facilities and establishes qualifications for providers. Administrators and applicants/licensees (sometimes one and the same) are required to take a 35-hour course from an approved trainer and pass a written test with a score of 70 percent or above to be a qualified administrator/licensee. There is a two-year re-certification requirement where they need to take an additional 35 hours of training. For each application, they must have a training plan in their facility operational plan for each of the new and continuing staff working in a community care facility. <p>Data collected (discovery) to determine if expectations are met includes:</p> <p>Providers serve both 1915(i) and 1915(c) Waiver populations simultaneously and are required to meet the same requirements under both programs. Since providers don't exclusively serve one population or the other, it is not practical to separately collect data for PMs related to qualified providers. Therefore, the quality report for the 1915(i) and 1915(c) Waiver will include the same data.</p> <ul style="list-style-type: none"> • As part of the established biennial DDS/DHCS oversight activities, on-site monitoring of service providers is conducted. Included in this review, service providers and direct support professionals are interviewed to determine that they are: knowledgeable regarding the care needs on the individual's plan of care for which they are responsible and that these services are being delivered; knowledgeable of and responsive to the health and safety/well-being needs of the consumer(s); and aware of their responsibilities for risk mitigation and reporting. • An additional component of the established biennial DHCS/DDS on-site monitoring is a review of settings to verify compliance with the HCBS settings requirements. DSS-CCLD monitors all licensed community care facilities to identify compliance issues. Facilities are reviewed to determine compliance with regulations regarding provision of services, health and safety and provider qualifications. <p>DSP training data is used to not only identify the success rate of staff taking the course, but also in what form (e.g. through classroom setting or challenge test) the course was taken and what</p>
--	---

	<ul style="list-style-type: none">• areas (written test or skills check) caused failure for those who did not pass the course.• Regional centers also monitor each licensed residential community care facility annually to verify or identify any issues with program implementation.• Special incident report data allows for identification of trends with individual providers or types of providers. <p>Steps to correct deficiencies or improve processes and services (remediation and improvement) include:</p> <ul style="list-style-type: none">• Regional centers are required to submit plans to correct all issues identified in the biennial monitoring conducted by DDS and DHCS. These plans are reviewed and approved by the State.• Any DSS-CCLD monitoring visit that results in a finding of non-compliance results in the development of a plan of correction. This requires follow-up by DSS-CCLD staff to verify that corrections were made.• Issues identified during monitoring visits by regional centers may result in the need to develop a corrective action plan which details the issues identified and the steps needed to resolve the issues. The results of these reviews, as well as data from the special incident report system, are used to identify trends with individual or types of providers which may then result in focused or widespread training or other remediation measures.• DDS' Quality Management Executive Committee (QMEC), also attended by DHCS management, meets at least semi-annually to review data regarding service recipients, explore issues or concerns that may require intervention, and develop strategies and/or interventions for improved outcomes. As an example, data from the special incident report system and analysis by the State's independent risk management contractor indicated that the second largest cause of unplanned hospitalizations was due to psychiatric admissions. In response, the QMEC approved the implementation of skill checks within challenge tests. The skill checks now require staff to demonstrate proficiency in the proper method of assisting individuals in the self-administration of medications. <p>SMA Programmatic Authority</p> <p>Performance expectations (design) in this area include:</p>
--	--

	<ul style="list-style-type: none"> • DHCS and DDS conduct biennial monitoring reviews of a random sample of service recipient records to ensure service plans meet expectations. • DHCS reviews and approves reports developed as a result of these monitoring visits. • DHCS negotiates approval and amendment requests for the interagency agreement with DDS to ensure consistency with federal requirements. • DHCS approves Section 1915(i) related policies and procedures that are developed by DDS to ensure consistency with federal requirements. • DHCS participates, as necessary, in training to regional centers and providers regarding Section 1915(i) policies and procedures. • DHCS, in conjunction with DDS and DSS-CCLD, holds quarterly meetings. The purpose of these meetings is to discuss issues applicable to licensed providers (community care facilities, day programs.) • DHCS participates in the DDS Quality Management Executive Committee. The purpose of these meetings is to review data regarding service recipients, explore issues or concerns that may require intervention, and develop strategies and/or interventions for improved outcomes. <p>Data collected (discovery) to determine if expectations are met includes:</p> <ul style="list-style-type: none"> • Results from the biennial monitoring reviews, conducted by DHCS and DDS, of a random sample of service recipient records to ensure service plans meet the expectations identified previously. For this performance measure, the quality reports for the 1915(i) and 1915(c) Waiver will reflect data exclusive to each program. • Documentation of DHCS approval of monitoring or other required reports. Monitoring reports will also include approved plans submitted in response to findings by DHCS and DDS. • Evidence of training provided as a result of findings from DHCS and DDS monitoring reviews. • Minutes from meetings DHCS participates in documenting issues discussed and resolution activities planned. <p>Steps to correct deficiencies or improve processes and services (remediation and improvement) include:</p>
--	---

	<ul style="list-style-type: none">• Regional centers are required to submit plans to correct all issues identified in the biennial monitoring conducted by DHCS and DDS. These plans are reviewed and approved by the State.• If any of the monitoring reviews result in a significant level of compliance issues, a follow-up review will be scheduled to evaluate the progress of the corrective actions taken in response to the previous monitoring review.• Extra training and/or monitoring is provided if issues are not remediated or improvement is not shown. <p>SMA Maintains Financial Accountability</p> <p>Performance expectations (design) in this area include:</p> <ul style="list-style-type: none">• DHCS reviews a sample of working papers prepared by DDS audit staff of the biennial fiscal audits. These fiscal audits are designed to wrap around the required annual independent CPA audit of each regional center.• DHCS also annually reviews a sample of audits conducted of service providers.• DHCS ensures recipients are eligible for Medi-Cal prior to claims being made.• DHCS maintains invoice tracking, payment and reconciliation processes. <p>Data collected (discovery) to determine if expectations are met includes:</p> <ul style="list-style-type: none">• Results of the audit reviews identify fiscal compliance issues. Electronic records and hard copy reports (as needed) are generated identifying recipients eligible for claiming.• Tracking logs verify consistency between invoices, payments and funding authority. <p>Steps to correct deficiencies or improve processes and services (remediation and improvement) include:</p> <ul style="list-style-type: none">• DHCS monitors and provides consultation as necessary regarding corrective actions and follow-up activities resulting from regional center and vendor audits. All issues identified in the audits
--	--

	<p>include corrective action plans which may include policy revisions or repayments if necessary.</p> <ul style="list-style-type: none"> • DHCS works with DDS to resolve issues, if any, with identifying Medi-Cal eligibility of recipients. <p>Risk Mitigation</p> <ul style="list-style-type: none"> • Performance expectations (design) in this area include: Service plans must address all participants' assessed needs (including health and safety risk factors) and personal goals. • DDS, through the regulatory process, has identified requirements for service providers and regional centers regarding reporting of special incidents. Providers must report all special incidents to the regional center within 24 hours. Subsequently, regional centers must report special incidents to DDS within two working days. • DDS has implemented an automated special incident report (SIR) database which allows complex analysis of multiple factors to identify trends and provide feedback to regional centers. • DDS provides data from the SIR database to the State's independent risk management contractor for further analysis. • Regional centers must transmit SIRs, including the outcomes and preventative actions taken, to DDS as well as local licensing offices and investigative agencies as appropriate. • Regional centers must develop and implement a risk management and prevention plan. • Regional centers are responsible for using data from the SIR database for identifying trends that require follow-up. • The State's independent risk management contractor is responsible for reviewing and analyzing DDS SIR data to identify statewide, regional and local trends requiring action. This includes defining indicators of problems requiring further inquiry. Additionally, the contractor performs ongoing review and analysis of the research and current literature with respect to preventing accidents, injuries and other adverse incidents. <p>Data collected (discovery) to determine if expectations are met includes:</p> <ul style="list-style-type: none"> • DDS and DHCS conduct biennial monitoring reviews of a random sample of service recipient records to ensure service plans address health and safety risk factors. For this performance measure, the quality reports for the 1915(i) and 1915(c) Waiver will reflect data exclusive to each program. • Data from the SIR database includes recipient characteristics, risk factors, residence,
--	---

	<p>responsible service provider and other relevant information. This data is updated daily and is available not only to DDS but also to regional centers for reviewing data of incidents in their area.</p> <ul style="list-style-type: none">• While the SIR database collects information on all reported special incidents, the State also reviews a sample of consumer records during the monitoring reviews as a secondary quality assurance measure. If a significant difference in results is noted between the two data sources, the State will take appropriate steps further analyze the reason for the discrepancies. These steps may include but are not limited to a review of an expanded sample of consumer records and/or a review of data entry accuracy.• The recipient survey portion of the CDER includes questions regarding the recipient’s feelings of safety, availability of assistance if needed, and access to medical care.• As part of the established biennial DDS/DHCS monitoring activities, information is gathered regarding the regional center’s risk management system. Additionally, information is obtained reflecting how the regional center is organized to provide clinical expertise and monitoring of individuals with health issues, as well as any improvement in access to preventative health care resources. <p>Steps to correct deficiencies or improve processes and services (remediation and improvement) include:</p> <ul style="list-style-type: none">• Regional centers are required to submit plans to correct all issues identified in the biennial monitoring conducted by DDS and DHCS. These plans are reviewed and approved by the State.• If any of the monitoring reviews result in a significant level of compliance issues, a follow-up review will be scheduled to evaluate the progress of the corrective actions taken in response to the previous monitoring review.• DDS uses data from the SIR database to identify compliance issues such as reporting timelines and notifications of other agencies if required. Contact is made with regional centers for correction. Training or technical assistance is provided if necessary.• Utilizing results of data analysis from the SIR database, the State’s risk management contractor conducts a variety of activities, including: develop and disseminate periodic reports and materials on best practices related to protecting and promoting the health, safety, and well-being of service recipients; provide on-site technical assistance to regional centers related to local risk management plans and activities; define indicators requiring further inquiry.• The risk management contractor also develops and maintains a website, (www.ddssafety.net) for recipients and their families, providers, professionals, and regional center staff. This web site is dedicated to the dissemination of information on the prevention and mitigation of risk factors for persons with developmental disabilities. The site includes information from across the nation on current research and best practices and practical information directed towards improving health and safety.
