

Behavioral Health Integration: DSRIP 2.0 Concept Paper

Davis Lown, MD, Executive Director, Safety Net Institute

January 13, 2015

Necessary for DSRIP Success

- Given PHS population, BH is a major area to address – for many won't be possible to improve and sustain health without addressing BH needs
- DHCS clear that BH integration will be a critical piece of DSRIP 2.0
- Proposed DSRIP 2.0 is intentionally designed:
 - To incorporate BH throughout
 - PHS must meaningfully integrate BH to succeed

BH throughout DSRIP Proposal

- Prominent in 12/19 projects
 - All of Domain 1, 2, most of Domain 4
- Project 1.4 is specifically focused on Behavioral Health Integration

BH Project Examples

- Specialty Care Redesign
 - BH patients part of specialty care population (BH & non-BH specialties)
 - Focus on telemedicine to connect (BH) specialists w/ PCP and patient
- Care Transitions
 - Transition to BH care explicit in the Objectives & Core Components
 - Navigators to connect to BH services
 - Transition Record (Metric) includes psychosocial status
- Complex Care Management
 - Project population defined by needs including MH, SUD
 - Develop systems to link to BH services, follow-up and retention in care

BH Project Examples

- Foster Kids
 - Integrated health home = “one stop shop” includes BH (Goal)
 - Core Components: Implementation of physical BH program, Treatment Plan includes BH, shared record
 - Metrics: Depression, SBIRT, ADHD, Follow up after MH Hospitalization)
- Post-incarceration
 - BH main component of identification of high risk individuals
 - Post-release engagement and coordination of care with BH
 - Metrics: Depression screening, SBIRT

BH Project Examples

- Chronic pain management
 - BH throughout Objectives, Components & Metrics
 - BH on Chronic Pain Team, links to BH treatment to manage pain
- Comprehensive Advanced Illness Planning and Care
 - BH foundational to this issue: Interdisciplinary assessment, inter-professional care planning and care delivery
 - Clinical Psychologist on Palliative Care Team
 - Partnerships with community resources includes BH

Suggestions for strengthening?
