**May 22, 2015**

To effectively define the goals and objectives for the Medi-Cal Children’s Health Advisory Panel (MCHAP), DHCS asked panel members and the public for areas of interest in December 2014. The list of topics was presented to the Panel in January 2015. At the March 18, 2015 meeting, the Panel voted on priorities among the list, to establish the areas of focus for the deep dive topics through 2015. As requested by the Panel, DHCS has consolidated the list of topics and included the number of votes for each topic from the March meeting. The consolidated list of topics will be used to develop agendas deep dive topics for future MCHAP meetings.
