SB 75 Updates

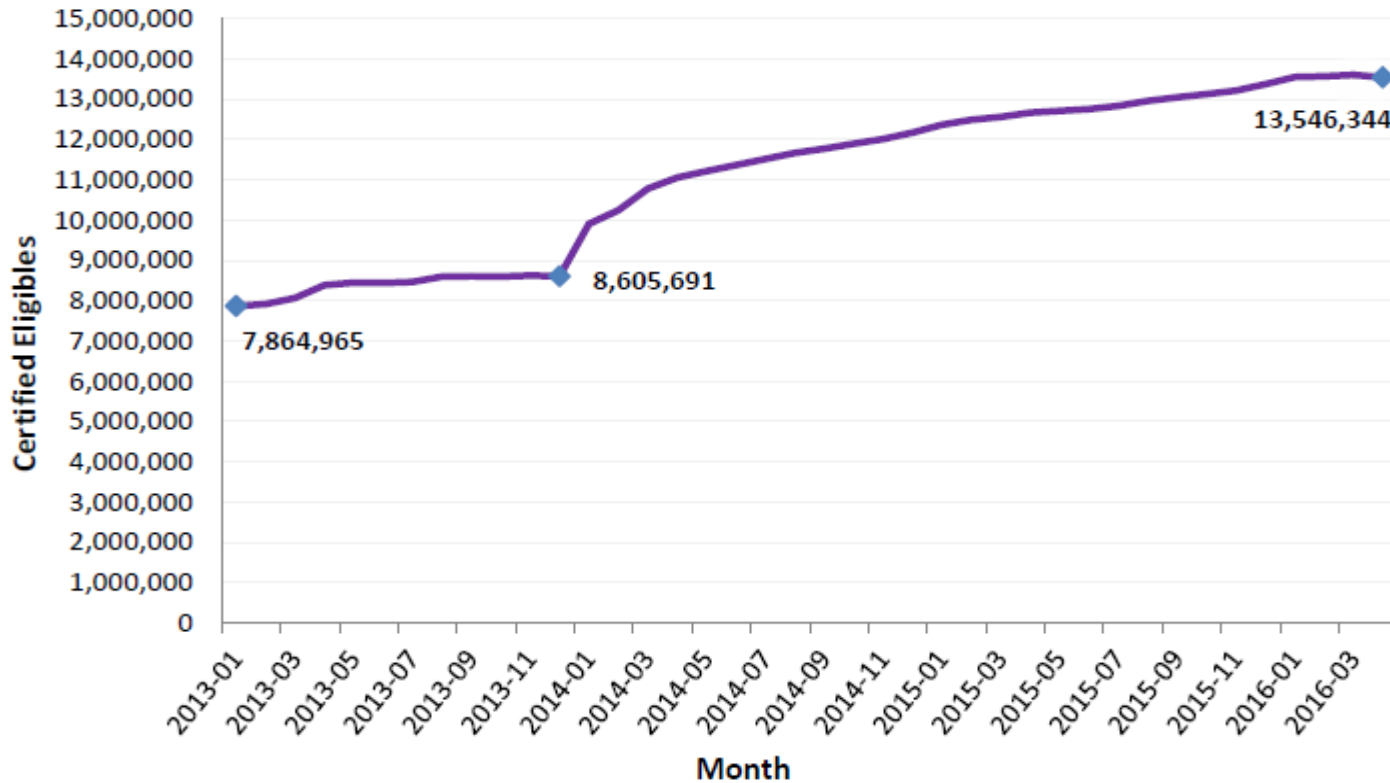

On May 16, 2016, DHCS implemented SB 75. DHCS identified approximately 121,000 children in restricted scope Medi-Cal who were eligible for the SB 75 transition to full scope Medi-Cal.

- Based on MEDS data, as of August 26, 2016, full scope Medi-Cal has been granted to approximately 97% (117,436) of eligible children previously in restricted scope coverage, retroactive to May 1, 2016.
- Between May 16, 2016 and August 18, 2016, approximately 20,465 children have been determined newly eligible for full scope Medi-Cal. This includes new applicants, as well as adding a child to an existing Medi-Cal case.
- These children also qualify for managed care health plans. Upon establishing full scope Medi-Cal, information on managed care enrollment is mailed to beneficiaries.
