

How to Qualify for Hearing Aid Coverage

Effective January 1, 2023, the Hearing Aid Coverage for Children Program (HACCP) is available to children and youth under age 21 who live in California and:

- Do not have health insurance
- Are not eligible for Medi-Cal or hearing aid coverage through California Children's Services (CCS)
- Have health insurance that does not cover hearing aids, or
- Have health insurance that only covers up to \$1,500 for hearing aids.

Please include a copy of these documents with your application:

1. A provider referral for hearing aids/evaluation, or a hearing aid prescription
2. Proof of income eligibility (see chart to the right)
3. Proof that you do not have hearing aid coverage, or that your health insurance only covers up to \$1,500 toward the cost of hearing aids.

HACCP covers:

- Hearing aids,
- Hearing aid replacement (including externally worn bone conduction hearing devices),
- Hearing aid supplies/accessories (including ear molds),
- Hearing aid-related audiology services,
- Other related post-evaluation services

» Families can apply for HACCP and CCS at the same time.

» Children can qualify for HACCP regardless of immigration status.
