Agenda Item: 2022 Data Notebook Update

Enclosures: Example 2022 County Data Notebook, and PDF Preview of 2022 Data Notebook SurveyMonkey Online Survey. For a copy of these materials, please email justin.boese@cbhpc.dhcs.ca.gov

How This Agenda Item Relates to Council Mission

To review, evaluate and advocate for an accessible and effective behavioral health system.

This agenda item provides an update for committee members on the 2022 Data Notebook.

Background/Description:

Each year the Council releases a Data Notebook to the local mental/behavioral health boards and commissions to complete with their perspectives on focused areas of the system. The Data Notebook has two parts. Part One contains standard questions that are included each year to obtain county-specific information on vulnerable populations for which there is no publicly available data. Part Two contains questions focused on different aspects of the public behavioral health system. For the 2022 Data Notebook, the committee decided to focus on the impact of COVID-19 on the public behavioral health system.

The 2022 Data Notebook was developed by Linda Dickerson with the direction and feedback of the committee. The final draft was reviewed for approval at an interim committee meeting in March 2022. Susan Wilson and committee staff will provide an update on the 2022 Data Notebook, including the distribution of the data notebook and survey link to the local behavioral health boards and commissions.
