ORDERS AND POINT NINE

[No hearing required]

Courtroom: 14

Judge: The Honorable A. Howard
Matz

22 Defendant David Maxwell-Jolly, Director of the Department of Health Care
23 Services (DHCS)¹, and the California Department of Mental Health (CDMH),
24 submit the following response to the Court's proposals outlined at the December
25

26
27 ¹ David Maxwell-Jolly is the successor in interest to Ms. Diana Bonta, and is
28 currently the Director of DHCS. DHCS was formerly known as the Department of
Health Services.

1 16, 2010 status conference, and pursuant to orders dated December 16, 2010
2 (Document No. No. 619), and December 21, 2010 (Document No. 618):

3 Once the Court terminates jurisdiction on May 6, 2011, the California
4 Department of Mental Health (CDMH) will assume the responsibilities currently
5 being performed by the Special Master, Richard Saletta. The specific activities that
6 CDMH is committed to completing are consistent with the schedule established by
7 the Nine Point Plan, and are discussed in detail in the attached report (Exhibit 1).

8 Because the Court has found that CDMH has implemented Points One through
9 Eight of the Nine Point Plan, the attached report and transition plan address the
10 responsibilities CDMH will assume in order to complete Point Nine of the Plan.
11 These include: certifying Mental Health Plans (MHPs) as having completed their
12 respective requirements as described in the Emily Q. Settlement Plan; supporting
13 MHPs that are making progress toward achieving the four percent Therapeutic
14 Behavioral Services (TBS) utilization rate; reviewing previously certified MHPs;
15 imposing corrective measures and remedies; and reviewing and revising the TBS
16 plan. (Attached as Exhibit 2 is the most recent data from CDMH regarding
17 utilization rates.)

18 As a result of the Nine Point Plan, TBS has become a stronger core business
19 function of CDMH. State employees and management have been identified to
20 assume the responsibilities of this plan. Best practices have been established that
21 will ensure the continued progress and growth of TBS following the termination of
22 jurisdiction.

23 Although CDMH has committed to specific plans and procedures for transfer
24 of responsibility from the Special Master and for completion of Point Nine of the
25 Plan, there are emerging issues at both the state and local level that may affect
26 future efforts. In addition to budget deficits and reduced funding, which continue to
27 impact mental health programs and services throughout the state, the outcome of
28 recent administration changes is yet to be realized. However, despite numerous

1 variables and challenges in the months ahead, CDMH's commitment to create
2 accessible, effective and sustained TBS for children and their families in the Emily
3 Q. class remains steadfast. The Point 9 transition plan demonstrates the statewide
4 and MHPs' ability to continue to administer, monitor and improve this important
5 service for eligible children in California.

Subsequent to the termination of court jurisdiction, CDMH is prepared to assume the responsibilities currently performed by the Special Master, Richard Saletta. Preceding termination of jurisdiction in May 2011, and during the transition period, the Special Master will continue to carry out his roles and responsibilities as set forth in the Nine Point Plan. The specific activities that CDMH is committed to performing consistent with the Nine Point Plan are discussed in this report.

TBS Equivalent Services Reviews	Beginning in January 2011, the Special Master will train identified CDMH staff to perform TBS equivalent reviews. A licensed clinician, who will be either CDMH staff or a contractor, will participate in all reviews. If needed, CDMH plans to hire Steve Korosec, consultant to the Special Master, as a sub-contractor through APS Healthcare to assist CDMH in equivalency reviews. Mr. Korosec has participated in each of the equivalency reviews that have been completed thus far.	Through June 30, 2012.
Data Analysis	During the transition period from the Special Master to CDMH, the department will continue to work with APS to provide TBS data and maintain data dashboards. The current contract with APS is active through June 30, 2011 ¹ , at which time CDMH plans to extend the contract for an additional three years. Over the next several months, APS will train CDMH staff on specific data analysis pertaining to TBS. Additionally, the recently implemented CDMH Data Warehouse will result in timelier and more efficient extraction of claims data.	Through 2012.
