DISCUSSION

On January 10, 2013, the Governor released the proposed budget for FY 2013-14. Effective July 1, 2013, the proposed budget would transfer all remaining substance use disorder programs from ADP to the Department of Health Care Services (DHCS) to better coordinate the licensing, certification, and program management of substance use disorders services statewide. An exception is ADP’s Office of Problem Gambling which would transfer to the Department of Public Health (CDPH). Among other benefits, the reorganization would maintain programmatic expertise, enhance oversight, and promote opportunities for health care delivery improvement.

Under the proposal, DHCS would have the responsibility as the single state agency for the federal Substance Abuse Prevention and Treatment (SAPT) Block Grant. The proposal builds on the enactment of Assembly Bill 106, Chapter 32, Statutes of 2011, which transferred the responsibility of Drug Medi-Cal services to DHCS, effective July 1, 2012.

For this Preliminary Allocation, ADP presumes the same level of local assistance funds will be available to counties in FY 2013-14 as in FY 2012-13. The local assistance funds to be allocated to counties total \$238,378,908. This amount includes an \$11,502,440 General Fund reimbursement from the California Department of Corrections and Rehabilitation for the Parolee Services Network Program.
