## **PROPOSED DRUG MEDI-CAL RATES FOR FISCAL YEAR 2013-2014**

### PURPOSE

This bulletin transmits the proposed Fiscal Year (FY) 2013-2014 reimbursement rates for Drug Medi-Cal (DMC) services. The proposed rates and subsequent claim payments are contingent upon legislative action and approval of the FY 2013-2014 Budget Act. The rates will be effective July 1, 2013 through June 30, 2014.

While counties and direct contract providers may submit DMC claims based on the proposed FY 2013-2014 rates, the Department of Health Care Services (DHCS) may not be able to issue payments for any services provided in FY 2013-2014 until the Budget Act is signed.

### DISCUSSION

Each year, the State develops new reimbursement rates for DMC services. These rates are developed in accordance with the Welfare and Institutions Code, Sections 14021.51, 14021.6 and 14021.9. For FY 2013-2014, the cumulative growth in the Implicit Price Deflator used to develop the proposed rates was 8.7 percent, as reported by the Department of Finance.

These rates reflect the analysis of costs for the non-NTP dosing DMC treatment modalities. Costs are determined through the annual cost report settlement process.

The Exhibit displays the proposed reimbursement rates for FY 2013-2014.
