GOVERNOR

DATE: September 24, 2021

CHDP Program Letter No.: 21-01

TO: All Child Health and Disability Prevention Program Directors, Deputy Directors, Medical Consultants, Dependent and Independent County Operations Staff, and State Integrated Systems of Care Division Staff

SUBJECT: Fiscal Year 2021-2022 Allocation for the Child Health and Disability Prevention Program

The purpose of this Child Health and Disability Prevention (CHDP) Program Letter is to provide local CHDP programs with the Fiscal Year (FY) 2021-2022 State General Fund (SGF) allocations to carry out CHDP program requirements as set forth in Health and Safety Code, Article 6, Section 124025 et seq. and Welfare and Institutions Code, Article 4.7, Section 14148.3. To conduct administrative activities of the CHDP program from July 1, 2021 through June 30, 2022, each local program is authorized to spend up to the amount allocated from SGF and the matching Medi-Cal Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) allocation for each funding source within the CHDP program administrative budget. Please see the attached funding allocation table, which includes the CHDP SGF, EPSDT, and Title XIX funds.

Each local program is authorized to claim Title XIX Federal Funds to match its own local funds in order to perform EPSDT administrative activities in the CHDP program and, if applicable, matching Title XIX Federal funds to perform EPSDT administrative activities specifically for children and youth in foster care. Please refer to the Integrated Systems of Care Division (ISCD) Plan and Fiscal Guidelines (PFG) for plan and budget submission requirements.

This program letter serves as each local program's approved state CHDP administrative budget and enables each local program to use this letter to develop its budget. There will be no budget approval letters issued from ISCD. Each local program remains responsible for overseeing and tracking its administrative budget expenditures. As in previous years, local programs will only be reimbursed for state expenditures up to their authorized budget allocations.

Quarterly claiming reflecting program activities and services must coincide with the annual allocated amount, and to the extent possible reflect the provision of a consistent level of services throughout the year. All operations claimed against the CHDP allocation must reflect

ISCD approved CHDP activities. If a local program wishes to propose CHDP operations that vary from previously approved activities, a brief written proposal, including the proposed funding level for the activity, must be submitted to chdpprogram@dhcs.ca.gov for review and approval prior to the submission of the annual CHDP plan and budget.

Counties are required to submit all PFG required CHDP program plans and budgets for FY 2021-22 no later than sixty (60) days from the date of this Program Letter. Please submit your plans and budgets electronically to the **ISCD Budget Portal**. Information on accessing the ISCD Budget Portal will be sent under separate cover.

Local programs that have previously utilized budget approval letters to submit to the county's authorized personnel will be able to utilize the attached County Allocation notice as documentation and verification of the SGF allocated.

Local programs must complete, sign, and submit the CHDP Certification Statement as required in the ISCD PFG. Local programs must submit electronic copies of duty statements, civil service classification statements, and organizational chart(s) for CHDP program budgeted management and staff. Local programs that have questions regarding staffing, personnel changes, duty statements, Memoranda of Understanding, and other budget preparation items should submit their inquiry to chdpprogram@dhca.ca.gov prior to plan and budget submission.

All local programs must adhere to the ISCD PFG for determination of enhanced and non-enhanced designation of staff and their activities as well as the provision for Federal Financial Participation (FFP) determination. Documentation for staff who qualify for enhanced FFP and/or work in more than one program must adhere to the ISCD PFG time study requirement guidelines.

All quarterly expenditure reports submitted for reimbursement must be based on actual costs as well as accurate and auditable documentation. An audit file must be maintained by each local program to support all quarterly expenditure reports and shall include, but not be limited to: time studies, when required and performed during at least one representative month of the quarter for each budgeted position for which FFP is claimed; documentation in support of training and travel costs; and other documents as required to support claimed expenditures. In addition, documentation of the methods to claim internal and external overhead must also be maintained.

Acceptance of allocated funds constitutes an agreement that the receiving local program and its agency will comply with all federal and state requirements pertaining to the CHDP program and adhere to all applicable policies and procedures set forth by the Department of Health Care Services.

Periodically, the federal program responsible for oversight of the Medicaid program and related state administrative expenditures, will conduct programmatic audits. Finding of a federal audit exception and subsequent liability for repayment of federal Medicaid funds related to the CHDP program audit exception, are the exclusive and sole responsibility of each local program.

If you have any questions regarding the administrative aspects of the CHDP program budget submission, please contact the ISCD Fiscal Support Unit via e-mail at dhcsscdadmin@dhcs.ca.gov.

Sincerely,
