CHDP Provider Information Notice No.: 15-03

TO: ALL CHILD HEALTH AND DISABILITY PREVENTION (CHDP) PROGRAM PROVIDERS

SUBJECT: THE CHDP PRESUMPTIVE ELIGIBILITY (PE) ENROLLMENT PERIOD LIMITATION EFFECTIVE JULY 31, 2015

The purpose of this provider information notice is to inform providers that effective July 31, 2015, the combined number of Medi-Cal PE enrollment periods an individual may receive in any 12-month period will be limited.

The number of allowable Medi-Cal PE enrollment periods varies by age and program. For CHDP Program eligible individuals, age 0 to under 19 years of age, the Medi-Cal PE enrollment limitation is two PE enrollment periods in the past 12-months. Medi-Cal PE enrollment periods through other PE programs are counted toward the two allowable periods via the CHDP Gateway.

For example, in a 12-month period if a child has one PE period through the Hospital PE program, or any other PE program, then that child is eligible for only one remaining PE enrollment via the CHDP Gateway. The attached table provides additional information.

If you have any questions, please contact your local county CHDP Program.

Sincerely,

**ORIGINAL SIGNED BY LOUIS R. RICO**
