

# California Department of Health Care Services (DHCS) Home and Community Based Services (HCBS) Settings Assessment Training Series

The Home and Community-Based Services (HCBS) Settings Assessment Training Series aims to provide stakeholders with knowledge and understanding of the federal requirements contained within the HCBS Settings Final Rule (“Final Rule”).

The Department of Health Care Services (DHCS) has partnered with Public Consulting Group, Inc. (PCG) in support of the effort to achieve compliance with the Final Rule. In addition to providing technical support and services to the Department and its affiliates, PCG will provide educational opportunities for stakeholders in the form of live webinars and Q & A sessions, recorded trainings, and FAQ documents.

The Department will post a recording of all webinars and educational materials on the [DHCS STP website](#).
