## 1. Updated Facility-Specific Reimbursement Rate

Effective for dates of service on or after July 1, 2011, California Assembly Bill 2645 (Statutes of 2010, Chapter 554) mandates the reimbursement rates for selected Skilled Nursing Facilities Level B designated as Institutions for Mental Diseases remain the same as those effective July 1, 2009. These facilities are exempt from AB 1629 (Statutes of 2004, Chapter 875) facility-specific rate methodology and the Quality Assurance Fee Program.

**This information is reflected in the following provider manual(s):**
