

Medi-Cal Diabetes Prevention Program (DPP) Overview

Devki Patel, MD

Medical Consultant

Managed Care Quality and Monitoring Division

Department of Health Care Services

Medi-Cal vs Medicare

	Medi-Cal	Medicare
Overview	Medicaid program of California (state and federal funding)	Federal program with federal funding
Beneficiaries	Low-income residents of California	Age 65+
Administered by	DHCS	CMS
National DPP program coverage	Medi-Cal DPP benefit	MDPP benefit

Medi-Cal Delivery Systems

	Fee-for-Service (FFS)	Managed Care
Terminology for Patients Served	Beneficiaries	Members
Structure	Beneficiaries are not associated with Managed Care Plans. Must find their own doctors and providers.	Members are associated with Managed Care Plans (MCPs) who assist in assigning doctors or providers in their network
Number of Patients Served	2.3 million	10.8 million
Characteristics	Complex, high needs patients	Majority of Medi-Cal population

Medi-Cal DPP Provider Overview for FFS and Managed Care

	Fee-for-Service (FFS)	Managed Care
Medi-Cal enrollment	Required	Required
Billing	Medi-Cal DPP providers bill DHCS directly by submitting claims for DPP services provided to FFS beneficiaries	Medi-Cal DPP providers form billing arrangements or contracts with Managed Care Plans to offer DPP services to Managed Care members. They do not bill DHCS.
Reimbursement	DHCS provides reimbursement to DPP provider per claim	MCPs provide reimbursement payments to DPP providers based on arrangements/contracts. DHCS not involved in these arrangements.

Medi-Cal Diabetes Prevention Program Policy

Sydney Armendariz, MA

Health Program Specialist II

Benefits Division

Department of Health Care Services

SB 97 and AB 1810

- Established the Diabetes Prevention Program (DPP) for Medi-Cal
- To help prevent or delay the onset of type 2 diabetes
- Requires compliance with CDC guidelines and CDC recognition

Core Benefit: FFS and Managed Care

- Eligibility Criteria: Medi-Cal beneficiaries/members must meet the eligibility criteria described in the Centers for Disease Control and Prevention (CDC) National Diabetes Prevention Recognition Program
- Core Benefit: Core services period is at least 22 sessions in 12 consecutive months
 - Core sessions: Typically consist of weekly sessions over months 1-6
 - Core maintenance sessions: Monthly sessions over months 6-12
 - Offered regardless of weight loss
 - Approx. 1-hour sessions

Ongoing Maintenance: FFS and Managed Care

Ongoing Maintenance:

- Sessions for an additional 12 months
- Offered <u>after the core</u>
 <u>benefit</u> IF participants
 achieve and maintain the
 required 5% weight loss
 <u>and</u> attend at least 1
 session during the final
 core maintenance interval
 (months 10 to 12)

CDC Curriculum

- Medi-Cal DPP providers must use a CDCapproved lifestyle change curriculum
- DHCS will translate the CDC's curriculum into the required threshold languages and post them to the Medi-Cal DPP webpage

Who Can Become a Medi-Cal DPP Provider? (FFS and Managed Care)

- 1. Must be a Medi-Cal Enrolled Provider
 - Enroll using the new Medi-Cal DPP provider type
 or
 - Are an approved existing Medi-Cal enrolled provider that has added DPP as a new category of service:
 - Home Health Agencies, Community Outpatient Hospitals, Physicians, Physician Groups, FQHCs, Rural Health Clinics, Free Clinics, Community Clinics, Multispecialty Clinics, County Clinics Not associated with Hospitals, Otherwise Undesignated Clinics, Home and Community Based Services Nursing Facilities, Outpatient County Hospitals, and Indian Health Services

2/3/2020 10

Who Can Become a Medi-Cal DPP Provider? (FFS and Managed Care)

- 2. Must comply with Provider Enrollment Division's (PED) Requirements
 - Enrollment requirements: "Medi-Cal Enrollment Requirements and Procedures for DPPs" bulletin and
 - Screening requirements: "Designation of Categorical Risk Levels for DPPs" bulletin"
- Must have Pending, Preliminary, or Full recognition from the CDC's Diabetes Prevention Recognition Program
- 4. Must comply with policies in the Medi-Cal Provider Manual

FFS Delivery Methods

- Medi-Cal DPP Providers can offer the DPP to Fee-for-Service beneficiaries through:
 - 1. In-person: Participants are physically present in a classroom or a classroom-like setting.
 - Organizations that conduct make-up sessions online or over the phone are still considered inperson programs.
 - 2. Distance Learning: Trained peer coaches deliver sessions via remote classroom or telehealth

FFS Payment Structure

- The DPP coverage policy will be published in the Medi-Cal Provider Manual when the Fee-For-Service billing system becomes available.
- For the list of billing codes, please see the DPP Policy Preview on the DPP Webpage.
- Please hold all billing claims until further notice from DHCS.

Managed Care Specific Guidance and Implementation

Devki Patel, MD

Medical Consultant

Managed Care Quality and Monitoring Division

Department of Health Care Services

Managed Care: Policy and Delivery Methods

- Policy: Outlined in APL 18-018
 - This APL provides guidance specifically for MCPs. Not intended for Medi-Cal DPP providers
 - A reference is made to the Medi-Cal Provider Manual for criteria needed to receive ongoing maintenance.
 For now, please see the DPP Policy Preview on DPP Webpage for this criteria.
- Delivery Methods: the following can be covered by MCPs
 - In-person
 - Distance learning
 - Online
 - Combination

Managed Care Guidance

- Documentation of Codes in Encounter Data:
 - DHCS highly encourages documentation of appropriate HCPCS codes from DPP Policy Preview for each member even though MCPs and DPP providers do not bill DHCS directly
- Member Incentives:
 - All Member Incentives offered to Managed Care members must be receive prior approval from DHCS through

mmcdhealtheducationmailbox@dhcs.ca.gov

Provider Enrollment in Managed Care

- DPP providers must be Medi-Cal enrolled.
 - Contact the MCP you are partnering with for more information
- 2 Potential Pathways that Medi-Cal DPP providers can enroll through:
 - 1. Provider Enrollment Division (PED) at DHCS

or

- 2. Through MCPs
- APL 17-019: Enrollment and Screening process in Managed Care delivery system
 - MCPs must use similar enrollment and screening requirements as PED

Main Differences in FFS and Managed Care

	Fee-for-Service (FFS)	Managed Care
Patients Served	2.3 million beneficiaries	10.8 million members
Billing/Reimburse- ment	Medi-Cal DPP providers bill DHCS directly through claims	Medi-Cal DPP providers contract or make payment arrangements with MCPs
Policy details	DPP Policy Preview on Medi-Cal DPP Webpage	APL 18-018
Delivery Methods	In-person and distance Learning	In-person, distance learning, online, and combination
Provider Enrollment	Through Provider Enrollment Division at DHCS. See DPP provider enrollment and screening bulletins	Provider Enrollment Division at DHCS <u>or</u> through MCPs. See APL 17-019 and contact MCP for more information.
