1. Express Lane was established through a federal waiver allowing the Department of Health Care Services (DHCS) to grant Medi-Cal eligibility without the need for an application or a determination for 12 months by using CalFresh income eligibility for enrolled adults and children. By having enrollment into CalFresh, income and residency has been established.
2. Express lane eligibility ends when a change of income is reported that terminates CalFresh eligibility or CalFresh eligibility renewal is due, whichever occurs first.
3. Numbers are compiled once a month and only reflect a snap-shot of current, monthly Express Lane enrollment.
4. The individuals identified in the report are currently enrolled in Express Lane and receive their health benefits from an Express Lane aid code. These numbers do not reflect any individual who was at one time enrolled in Express Lane and has since transitioned to another Medi-Cal program or coverage group, or transitioned to Covered California.
