

## Summary of 08/10/2015 Immigration Work Group Meeting

- **Health Care For All Children** – MCED provided an update on SB 75 implementation. The work plan will be shared when it is approved for release. MCED staff is working on aid code assessment in order to get a final decision on our options regarding the proper aid code for this population. Mark Diel and Advocates are asking when policy will be ready to be implemented and would like data relating to county base numbers for eligible individuals. Work Plan draft is presently going through internal review and once it has been approved MCED will be able to share the plan with advocates for their feedback. There will be a dedicated page on the website for advocates reviewing the plan and they may submit comments after their review. MCED will continue to add this item to the agenda.
- **Navigator Training Update** – Covered California is putting training together. Feedback from the advocates was due in June. However, if the advocates have additional comments Covered CA will still accept feedback from the advocates on this issue. MCED will add this to the agenda for follow up discussion.
- **Individuals Incorrectly Enrolled in Covered California** – Covered California will follow up on the individuals that are not eligible for Covered CA but were enrolled anyway. Advocates would like data on these individuals.
- **Transition of Newly Qualified Immigrations (NQIs) to Covered CA** – MCED provided a current update of the NQI Wrap. Business requirements are in the approval process. Will be a part of release 16.4. MCED will use this immigration workgroup to discuss issues as needed. Need to determine which forum to use for the related notices that will be implemented. Should it be the AB 1296 notices subgroup, a CC workgroup, or the immigration workgroup?
- **Action Item Updates** – Action item updates are included in the action item log.
