

## Summary of 08/24/2015 Immigration Work Group Meeting

- **Health Care For All Children** – MCED provided an update on SB 75 implementation. MCED staff is currently pulling county/aid code data. Work Plan draft is presently going through internal review and once it has been approved MCED will be able to share the plan with advocates for their feedback. There will be a dedicated page on the website for advocates reviewing the plan and they may submit comments after their review. MCED will continue to add this item to the agenda.
- **Navigator Training Update** – Modules for navigator training have been implemented for this year. Draft was provided to advocates from Covered CA. Covered CA is working on implementation. Advocates would like to review it again, Covered CA will check on draft release date.
- **Individuals Incorrectly Enrolled in Covered California** – Covered California provided information that these cases would fall under the reconciliation process. They would have to repay subsidies and have the right to appeal. Advocates would like a different resolution than the current reconciliation process. Advocates would like to know if CalHEERS can see the code and make them not eligible for Covered CA. Covered CA will follow up. They will reach out to MCED if needed. Betsy has some information that she will provide off line to Covered CA.
- **Transition of Newly Qualified Immigrations (NQIs) to Covered CA** – MCED provided a current update of the NQI Wrap. NQI Wrap will be a part of release 16.4. MCED will use this immigration workgroup to discuss issues as needed. Need to determine which forum to use for the related notices that will be implemented. Should it be the AB 1296 notices subgroup, a CC workgroup, or the immigration workgroup?
- **Action Item Updates** – Action item updates are included in the action item log.
